

EVENING NEWS REVIEW.

13TH YEAR. NO. 281.

EAST LIVERPOOL, O., SATURDAY, MAY 7, 1898.

TWO CENTS

TO RECEIVE SPANISH SQUADRON

San Juan Harbor, In Porto Rico,
Cleared of Vessels For
Their Battleships.

SAMPSON MAY MEET THEM.

It Is Expected That an Engagement May
Take Place.

FAST VESSEL FOR MANILA.

No News Regarding Commodore Dewey's
Fleet.—The State Department in Close
Touch With Consul Wildman at Hong-
kong—He Will Furnish Them With the
Earliest Possible News From the Philip-
pines—Foreign Representatives Deny
Intervention Is Being Considered.—The
War Situation in General Discussed at
a Cabinet Meeting.—The Administration
Worried Over the Fate of the Bond
Bill in the Senate—Sampson's Orders
Believed to Have Given Him Great
Latitude—Officials Think the Cape
Verde Fleet Has Returned to Spanish
Waters, Across the Ocean.

NEW YORK, May 7.—A special from
San Juan de Porto Rico says that pre-
parations are being made there for the
reception of the Spanish Cape Verde
fleet, the arrival of which is expected
almost momentarily. The only war-
ship now in the harbor of San Juan is
the Isabella.

The harbor has been cleared of non-
combatant vessels to make room for the
anchorage of the Cape Verde fleet. All
merchantmen have been pulled up un-
der the protection of the hills, fearing
a bombardment by the American fleet.

Five warships, northbound, were seen
southward of St. Thomas. They showed
no flag, and the American vessel that
sighted them, fearing they were Span-
ish, fled without investigation. A dis-
patchboat is now looking for the grim
visitors and news is hourly expected of
her. It seems certain that this must be
the Spanish fleet, as only America and
Spain would be likely to have such a
squadron in these waters, and Captain
Sampson's ships cannot be so far east-
ward yet, according to advices of their
departure from off Havana.

WASHINGTON, May 7.—Another day
of waiting in the navy and state de-
partments without a word from Com-
modore Dewey or any other reliable
source as to what happened at Manila
after the cable broke. During the
course of the day there were rumors
that the cable communication had been
restored, but these were soon found to
be baseless and the excitement subsided.
One comfort the officials take in the
situation, although it is of a negative
character, is that the lack of communi-
cation is probable evidence that the
Spaniards at least are not in control at
Manila, else they would speedily com-
municate that fact to the rest of the
world through the cable. If the delay
means anything it is believed not to be
more serious than that Commodore
Dewey has been delayed in carrying out
fully his plans for the occupation of
Manila.

In other words, it may not have been
possible for the commodore within the
short space of two days to effect the de-
struction of the Spanish fleet, the silencing
of the forts at Cavite, the seizure
of Corrigador island, the capture of Ma-
nila and finally the restoration of cable
communication. If he has been de-
layed beyond Tuesday or Wednesday
in carrying out this extensive program
it is not at all surprising that he has
not been heard from through a dispatch
boat.

The state department is in close touch
with Consul Wildman at Hongkong,
who is expected to supply the earliest
possible news from the Philippines.
The only message received from the
consul was one informing the depart-
ment that four families of refugees in
the Philippines had petitioned for ad-
mission to the United States citizen-
ship, something manifestly impossible
for the consul to grant under the natu-
ralization laws. It is barely possible
that the first news to come may be
through British sources inasmuch as all
British cable subventions contain a
clause giving the British government
the precedence in the use of the cable
in a case of emergency.

Respecting Admiral Sampson's move-
ments, the department is still mute,
although it is apparent that interesting
news is expected on that subject within
the next three days. Therefore it is
quite certain that the rumor which
originated in London to the effect that

Sampson has undertaken a campaign in
the Canaries is dismissed without at-
tracting attention at the hands of the
officials since it would be manifestly im-
possible for the admiral to arrive at the
Canaries within so short a space of
time as three days. Again the moni-
tors in his fleet could not carry coal
enough to make the passage.

Moreover the naval strategy board is
not sending out notifications of con-
templated strategic moves. A leading
diplomatic official said there would be
no reason why foreign nations should
be given information of an attack on
the Canaries. Since the United States
was conducting a war, it had the right,
he said, to choose its own points of at-
tack without keeping other governments
advised of its purposes.

The London report that the continen-
tal powers were seeking to have
England join them in an intervention
also was lacking in verification in official
and diplomatic quarters.

The state department has received no
suggestion of such intervention and
does not believe it is contemplated. The
foreign representatives here, including
those of Great Britain, France, Ger-
many and Russia meet these reports
with specific denials, and declare that
intervention is not being discussed in
any way at the present time. These
have been fully conversant with all
previous moves toward intervention,
and they doubtless would be aware if
such a move was on foot at present.
The utterance of Emperor William be-
fore the reichstag confirmed what the
German officials here have maintained
from the first, namely, that Germany
will observe strict neutrality even though
no decree of neutrality was issued.

Russian officials take the same view
as to the purpose of Russia to keep out
of any intervention which would be in-
imical to the United States. The
French authorities here do not consider
intervention a live question at present,
and since France issued her decree of
neutrality the French officials dismiss
reports that France will participate in
intervention. The British officials have
received no word concerning recent
moves for intervention and they con-
sider such moves as quite inopportune
under existing circumstances.

Consul Wildman at Hongkong has
been instructed to charter the fastest
boat he can secure and send it to Ma-
nila for the purpose of obtaining news
of Commodore Dewey and his squad-
ron.

WAR SITUATION DISCUSSED.

Action of the Senate on the Bond Issue
Causes Uneasiness.

WASHINGTON, May 7.—Besides the
war situation in its general aspect there
was some discussion at the cabinet meet-
ing of the relative merits of persons
seeking brigadier generalships and
other commissions in the army. The
president expressed himself very pro-
nouncedly as opposed to the appoint-
ment to such responsible positions of
those who had had no previous military
experience.

One feature of the session was discus-
sion of the attitude of the senate in pro-
viding the "sinews of war" for defraying
the expenditures of the war. The
president has received positive informa-
tion that the senate committee on fi-
nance, which is still struggling with
the war revenue bill, will report that
measure with the bond feature elimi-
nated. This fact is causing the admin-
istration great uneasiness.

The money to be secured from bond
sales, it is represented, is needed imper-
atively for the execution of the plans
mapped out. The administration is an-
xious to impress this fact upon the con-
gress in order that ample revenues may
be at hand for a vigorous prosecution of
the war.

There was considerable gratification
evident at the session at the general war
outlook. There was a strong belief that
the Spanish fleet, instead of sailing
across the seas to intercept the Oregon,
or to come over into the waters nearer
home to begin operations, would be
found eventually to be now progressing
for some point closer to its own pos-
sessions on the other side of the ocean.
While there is great reticence on the
part of all the members of the adminis-
tration on the subject there is excellent
authority for the statement that the in-
structions of Admiral Sampson give him
great latitude.

Dispatch Boat Expected Tonight.

LONDON, May 7.—The Exchange Tele-
graph company asserts on the highest
authority that the United States dis-
patch boat Hugh McCulloch, when
she reached Mirs bay, near Hongkong,
a few days ago, heard of the victory of
Commodore Dewey's squadron and hur-
ried back to Manila for dispatches. It
is further said that the McCulloch
can get back to Hongkong tonight.

Fearing an Attack.

LIVERPOOL, May 7.—Steamers from
Canary islands report American consul
at Las Palmas has left suddenly with
plans of harbor. There are 12,000 Span-
ish troops in Gran Canaria alone. Au-
thorities pushing forward fortifications.
Making desperate attempts to raise re-
venue. Taking British property with-
out compensation.

Rations Ordered to Chattanooga.

CHICAGO, May 7.—The government
has ordered 2,000,000 rations now in
Chicago to be sent at once to Chat-
tanooga. This will amount to about four
train loads of bacon, hard bread, sugar,
coffee, beans, salt, pepper and vinegar,
the component parts of the soldiers' bill
of fare.

TORPEDO BOAT DESTROYER FUROR.

The Furor is one of the "Spanish hornets." She is very similar to the
Terror in equipment and speed. Her length is 220 feet, beam 22 feet, draft
5½ feet and displacement 380 tons. She is very fast and can reel off 28
knots an hour under forced draft at any time. Her horsepower is 6,000, and she
carries two torpedo tubes in addition to the usual light battery for close work.
She would probably be a formidable antagonist. Her commander is Captain D.
Carlier, and her crew numbers 72.

THE QUEEN APPEALS

TO THE POWERS.

Addresses a Note to the Austrian For-
eign Minister—Spanish Affairs
Nearing the Crisis.

LONDON, May 7.—The Vienna corre-
spondent of The Daily Mail says: "The
Spanish queen regent has again ap-
pealed to Emperor Francis Joseph to
use his influence in favor of European
intervention. Count Goluchowski, the
Austro-Hungarian foreign minister, has
addressed a note to the powers on the
subject. I understand that but for
England's pro-American attitude cer-
tain European powers would have
openly sided with Spain before the war
broke out."

The Daily Telegraph today says:
"All the reports that reach here from
trustworthy quarters in Madrid agree
that there is no doubt affairs in Spain
are hurrying rapidly toward a grave
crisis. Whatever exists this point ap-
pears: The Carlists are increasing the
difficulties of the situation even to a
higher degree than the Republicans."

"Not the slightest faith is attached
to the assurance of Don Carlos that he
is setting an example of quietness and
inactivity. On all hands it is thought
here that the next few days will bring
about events that may change the en-
tire situation in the Spanish capital."

"This result is now regarded inevit-
able in those circles in Vienna which
are on an intimate footing with the
Spanish court."

"It is declared, however, that in spite
of the revolutionary movement, which
seems to spread every hour in Spain, no
fears are entertained for the personal
safety of the queen regent or her son,
nor is it feared that they will be unable,
when a suitable moment presents itself,
to leave the country uninjured."

MADRID, May 7.—In the senate Senor
Puiguerre refused any explanations as to
the war intentions of the government.
In reply to a question whether measures
had been taken in view of the industrial
crisis arising from the diminution of the
stock of coal Senor Puiguerre said the
government was inquiring into the ques-
tion and, if necessary, would prevent
the exportation of coal.

In the congress Senor Capdepon, min-
ister of the interior, asked the deputies
to suspend judgment as to the Manila
engagements until detailed reports had
been received.

Further disorders are reported from
different parts of the provinces, espe-
cially from Murcia, capital of the pro-
vince of that name, 30 miles from Car-
thagena, where a mob, composed mainly
of striking miners, has cut the tele-
graph lines, set fire to the town hall
and set fire to the law courts, burning
the archives. The rioters also made an
attack upon the local jail, beat in the
doors and released the prisoners. Finally
the rioting strikers have interrupted
railroad communication with Murcia
and have destroyed a store by the use
of dynamite, confiscating the provisions
which it contained. The situation is
regarded as being very serious.

ARE NOW VOLUNTEERS.

Battery A the First Pennsylvania Guard
to Muster.

MOUNT GRETN, Pa., May 7.—Bat-
tery A of Philadelphia has been mus-
tered into the service of the United
States and enjoys the distinction of
being the first command of any na-
tional guard in the country to be en-
listed in the volunteer army. The cere-
mony was impressive and the appear-
ance of the men, nearly all of whom
were collegians and many of them fa-
mous football players, brought forth
the commendation of the regular army
officers. Captain Warburton, three
lieutenants and 78 men were enlisted.
The men were drawn up in line and
Governor Hastings personally handed
the officers their commissions. The roll
of the command was then called, and
with bared heads and uplifted right
hands the officers listened as Major
Thompson read the oath of allegiance.
Simultaneously each officer and man as-
sented to the oath, and after signing
the muster rolls were no longer Penn-
sylvania troops, but had passed into the
national volunteer army.

Battery C, Captain Waters, followed,
and the same ceremony was observed.
The moving of these two batteries has
been postponed until tonight. They

went to Newport News by the Penn-
sylvania road to Harrisburg and Wash-
ington. Prior to the mustering at Cap-
tain Warburton's artillerymen there
was a physical examination of the Phil-
adelphia troop, Battery B and the var-
ious regimental adjutants and quar-
termasters. But few were registered in
all of these. The average chest expan-
sion of the troopers and the regimental
officers was about five inches, and
caused the medical board much sur-
prise. Physically they proved to be a
splendid set of men.

The mustering in of the infantry
companies began this morning. As
matters stand now Camp Hastings may
be said to be practically under the con-
trol of the United States army officers.
All orders to the regiments still go
through division and brigade head-
quarters, but by Tuesday these will dis-
appear unless Washington decides upon
the present general officers.

All the guardsmen not volunteering
and those rejected have been sent home.
Recruits are coming in today. The
division commissary department will
wind up its affairs, turning over to Lieut-
enant Howe, U. S. A. commissary.
Regulation government rations will be
strictly adhered to.

SIGNS OF ACTION.

Schley's Squadron Joined by the Minne-
apolis—New Orleans Expected.

ON BOARD THE FLAGSHIP BROOKLYN,
OFF FORT MONROE, Va., May 7.—Devel-
opments in the flying squadron would
seem to indicate that Commodore
Schley, one of the best strategists and
most daring men in the navy, will be
given a chance for action within a few
days. The cruiser Minneapolis arrived
and the New Orleans will be here early
today. These additions make a squad-
ron of exceptional fighting ability. The
New Orleans as a fighting ship is super-
ior to the Columbia, which was de-
tached, and the Scorpion, with her
splendid armament, helps fill out a
squadron that will give a good account
of itself.

The Minneapolis was ordered up to
Newport News for coal immediately
upon her arrival. Flag Lieutenant
Sears ordering a hurry job.

If the New Orleans gets here today
she will be coaled immediately and
with the addition of the tug Fowler as
water boat and the collier just attached
the flying squadron will be complete.

Ready For Marching Orders.

CHICKAMAUGA NATIONAL PARK, Ga.,
May 7.—The Twenty-fifth infantry has
left for Tampa in command of Colonel
Burt, who, though officially notified of
his appointment as a brigadier in the
volunteer army, was ordered to accom-
pany his regiments south. Other regi-
ments now in camp have been ordered
to rid themselves of all heavy equip-
ments of every sort and hold themselves
in light marching order.

Escorting a Coal Fleet.

PORT AU PRINCE, May 7.—The Ger-
man steamer Valdivia, from Hamburg
on March 31 for St. Thomas, where she
arrived on April 11, has put into Aux
Cayes, on the south coast of Haiti. She
reports having met a British warship
escorting westward six barks, nation-
ality unknown, apparently laden with
coal.

Urged Appointment of Walker.

WASHINGTON, May 7.—Chairman Bou-
telle of the house naval affairs com-
mittee, called upon the president to urge
the appointment of Rear Admiral John
G. Walker, retired, as assistant secre-
tary of the navy to succeed Theodore
Roosevelt.

Coppinger Ordered to Report.

MOBILE, May 7.—Major General John
J. Coppinger has received instructions
to report to the adjutant general at
Washington for instructions. He left
on the regular train via St. Louis.

Killed Two Policemen.

NEW ORLEANS, May 7.—While resist-
ing arrest in this city a negro desperado
named Dennis Burrell, alias Brown,
shot and killed two members of the
New Orleans police force and was him-
self finally killed by citizens after a
long and exciting chase.

Talk of Alger Retiring.

WASHINGTON, May 7.—Talk of the
probable retirement of Secretary of War
R. A. Alger from the cabinet is again
current. The secretary denies there is
any foundation for it, but still it finds
many believers.

NUMBER OF MEN

The State Quota of Volunteers
Named by Corbin.

HE WIRED THE GOVERNOR.

The Total Number of Soldiers Not to
Exceed 7,752—The Formation of the
Regiments—Naval Reserve to Be Called
Out—Dissatisfaction Over the Holding
Up of Axline's Appointment—Another
Drumming Out of Camp—Wanted to
Take the Uniforms of the Men Who
Would Not Enlist.

COLUMBUS, May 7.—Adjutant Gen-
eral H. C. Corbin wired Governor Bush-
nell as follows:

"There will be accepted from Ohio a
total aggregate of all grades of all arms
of not to exceed 7,752 men, as follows:
Four regiments, each 11 companies;
three battalions, 44 companies; two
regiments, each 12 companies; three
battalions, 24 companies; two regi-
ments, each 10 companies, three bat-
talions, 20 companies; one battalion of
3 companies, making a total of 91 in-
fantry companies, each three officers
and 69 men. Total, 6,552 men, infantry.
Field staff and non-commissioned offi-
cers, 205.

"Eight troops of cavalry, each 3 offi-
cers and 69 men, 567, total cavalry; field
staff and non-commissioned staff, 13.

"Four light batteries, each 3 officers
and 97 men, 400, total artillery; field
staff and non-commissioned officers, 6.

"The First regiment will contain 11
companies; Second, 10 companies; Third,
10 companies; Fifth, 10 companies;
Eighth, 12 companies; Fourteenth, 10
companies; Sixteenth, 10 companies,
and the Seventeenth 12 companies. The
three battalion formation will be main-
tained. The inspector of rifle practice
will be abolished, as will also the for-
mation of the signal corps and hospital
corps. They may, however, enlist in
companies and be detailed."

On account of the severe weather
General Axline gave all who desired
leave of absence and several thousand
of the troops are quartered at the audi-
torium and armories. Several hundred
were reported on sick list by reason of
the soaking rain.

In spite of the order of Major Gen-
eral Axline prohibiting any more drum-
ming out of camp, 22 men were again
thus treated. They belonged to Com-
panies C and F of the Third regiment.
The men wanted to take the uniforms
of the flunkers, but the officers would
not permit this, so they were permitted
to go home in their uniforms.

Great dissatisfaction is being ex-
pressed among the troops in camp over
the manner in which the appointment
of General Axline is being held up. It
is felt that he is caught by the nets of
politics, and not a dissenting voice is to
be heard among the officers as to the in-
justice of this manner of paying off old
scores.

The naval reserves will be ordered out
during the next few days. It is said on
the very best authority in the camp that
the naval boys will, in all probability,
be the first of the Ohio troops to see
service, and are likely to be ordered to
sea duty before another week rolls
around, and that all the naval reserves
in the state will go at the first call. It
is not thought that there will be any
preliminary camping, but that the boys
will be ordered to report to some sea
coast naval station at once.

AKRON—Bandmaster William R. Pal-
mer of the Eighth regiment came to
secure new men. He took 24 men to
camp, but six of them refused to enlist
and he was compelled to get six more,
which he secured from ex-members of
the organization. The officers and men
in the regiment will contribute enough
every month to raise the salaries of the
band men to \$20.

WARREN—Rev. T. J. Thorne of Vi-
enna, the "fighting parson," himself a
union veteran, has over 40 men for his
volunteer company.

FINDLAY—Lieutenant W. Schafer of
Company A arrived today from Camp
Bushnell to secure recruits. It took
him only a few minutes to enlist nine
stalwart oilwell drillers, every one six
feet tall. Hundreds who desired to en-
list were disappointed.

Wanamaker Refers to the War.

READING, Pa., May 7.—John Wana-
maker has addressed a largely attended
meeting here. Mr. Wanamaker opened
his speech by referring to the present
war with Spain. He said Spain must
take the consequences of her own mad-
ness and cruelty, and for one he would
not be sorry if the official Spaniard is
without a footing in the world.

Limited Ran Into a Freight.

PHILADELPHIA, May 7.—The Penn-
sylvania limited express, which left Jersey
City for Chicago, ran into a freight
train at South Bristol. The engineer
and fireman of the express train were
seriously hurt, but all of the passengers
escaped injury. The freight train was
taking the siding when the accident oc-
curred.

The Weather.

Rain or possibly snow, followed by
fair; fair and warmer tomorrow; brisk
northwesterly winds.

EVENING NEWS REVIEW.

13TH YEAR. NO. 281.

EAST LIVERPOOL, O., SATURDAY, MAY 7, 1898.

a few days ago, heard of the victory of
Commodore Dewey's squadron, and hur-
ried back to Manila for dispatches. It
is further said that the McCulloch
can get back to Hongkong tonight.

Fearing an Attack.

LIVERPOOL, May 7.—Steamers from
Canary islands report American consul
at Las Palmas has left suddenly with
plans of harbor. There are 12,000 Span-
ish troops in Gran Canaria alone. Au-
thorities pushing forward fortifications.
Making desperate attempts to raise re-
venue. Taking British property with-
out compensation.

Rations Ordered to Chattanooga.

CHICAGO, May 7.—The government
has ordered 2,000,000 rations now in
Chicago to be sent at once to Chat-
tanooga. This will amount to about four
train loads of bacon, hard bread, sugar,
coffee, beans, salt, pepper and vinegar,
the component parts of the soldiers'
bill of fare.

TORPEDO BOAT DESTROYER FUROR.

The Furor is one of the "Spanish hornets." She is very similar to the
Terror in equipment and speed. Her length is 220 feet, beam 22 feet, draft
5½ feet and displacement 380 tons. She is very fast and can reel off 28
knots an hour under forced draft at any time. Her horsepower is 6,000, and she
carries two torpedo tubes in addition to the usual light battery for close work.
She would probably be a formidable antagonist. Her commander is Captain D.
Carlier, and her crew numbers 72.

THE QUEEN APPEALS TO THE POWERS.

Addresses a Note to the Austrian For-
eign Minister—Spanish Affairs
Nearing the Crisis.

LONDON, May 7.—The Vienna corre-
spondent of The Daily Mail says: "The
Spanish queen regent has again ap-
pealed to Emperor Francis Joseph to
use his influence in favor of European
intervention. Count Goluchowski, the
Austro-Hungarian foreign minister, has
addressed a note to the powers on the
subject. I understand that but for
England's pro-American attitude cer-
tain European powers would have
openly sided with Spain before the war
broke out."

The Daily Telegraph today says:
"All the reports that reach here from
trustworthy quarters in Madrid agree
that there is no doubt affairs in Spain
are hurrying rapidly toward a grave
crisis. Whatever exists this point ap-
pears: The Carlists are increasing the
difficulties of the situation even to a
higher degree than the Republicans."

"Not the slightest faith is attached
to the assurance of Don Carlos that he
is setting an example of quietness and
inactivity. On all hands it is thought
here that the next few days will bring
about events that may change the en-
tire situation in the Spanish capital."

"This result is now regarded inevit-
able in those circles in Vienna which
are on an intimate footing with the
Spanish court."

"It is declared, however, that in spite
of the revolutionary movement, which
seems to spread every hour in Spain, no
fears are entertained for the personal
safety of the queen regent or her son,
nor is it feared that they will be unable,
when a suitable moment presents itself,
to leave the country uninjured."

MADRID, May 7.—In the senate Senor
Puiguerre refused any explanations as to
the war intentions of the government
in reply to a question whether measures
had been taken in view of the industrial
crisis arising from the diminution of the
stock of coal. Senor Puiguerre said the
government was inquiring into the ques-
tion and, if necessary, would prevent
the exportation of coal.

In the congress Senor Capdepon, min-
ister of the interior, asked the deputies
to suspend judgment as to the Manila
engagements until detailed reports had
been received.

Further disorders are reported from
different parts of the provinces, espe-
cially from Murcia, capital of the prov-
ince of that name, 30 miles from Car-
thagena, where a mob, composed mainly
of striking miners, has cut the tele-
graph lines, set fire to the town hall
and set fire to the law courts, burning
the archives. The rioters also made an
attack upon the local jail, beat in the
doors and released the prisoners. Finally
the rioting strikers have interrupted
railroad communication with Murcia
and have destroyed a store by the use
of dynamite, confiscating the provisions
which it contained. The situation is
regarded as being very serious.

ARE NOW VOLUNTEERS.

Battery A the First Pennsylvania Guard
to Muster.

MOUNT GREYNA, Pa., May 7.—Batter-
y A of Philadelphia has been must-
ered into the service of the United
States and enjoys the distinction of
being the first command of any na-
tional guard in the country to be en-
listed in the volunteer army. The cere-
mony was impressive and the appear-
ance of the men, nearly all of whom
were collegians and many of them fa-
mous football players, brought forth
the commendation of the regular army
officers. Captain Warburton, three
lieutenants and 78 men were enlisted.
The men were drawn up in line and
Governor Hastings personally handed
the officers their commissions. The roll
of the command was then called, and
with bared heads and uplifted right
hands the officers listened as Major
Thompson read the oath of allegiance.
Simultaneously each officer and man as-
sented to the oath, and after signing
the muster rolls were no longer Penn-
sylvania troops, but had passed into the
national volunteer army.

Battery C, Captain Waters, followed,
and the same ceremony was observed.
The moving of these two batteries has
been postponed until tonight. They

will go to Newport News by the Penn-
sylvania road to Harrisburg and Wash-
ington. Prior to the mustering of Cap-
tain Warburton's artillerymen there
was a physical examination of the Phil-
adelphia troop, Battery B and the var-
ious regimental adjutants and quarter-
masters. But few were registered in
all of these. The average chest expan-
sion of the troopers and the regimental
officers was about five inches, and
caused the medical board much sur-
prise. Physically they proved to be a
splendid set of men.

The mustering in of the infantry
companies began this morning. As
matters stand now Camp Hastings may
be said to be practically under the con-
trol of the United States army officers.
All orders to the regiments still go
through division and brigade head-
quarters, but by Tuesday these will dis-
appear unless Washington decides upon
the present general officers.

All the guardsmen not volunteering
and those rejected have been sent home.
Recruits are coming in today. The
division commissary department will
wind up its affairs, turning over to Lieut-
enant Howe, U. S. A. commissary.
Regulation government rations will be
strictly adhered to.

SIGNS OF ACTION.

Schley's Squadron Joined by the Minne-
apolis—New Orleans Expected.

ON BOARD THE FLAGSHIP BROOKLYN,
OFF FORT MONROE, Va., May 7.—Devel-
opments in the flying squadron would
seem to indicate that Commodore
Schley, one of the best strategists and
most daring men in the navy, will be
given a chance for action within a few
days. The cruiser Minneapolis arrived
and the New Orleans will be here early
today. These additions make a squad-
ron of exceptional fighting ability. The
New Orleans as a fighting ship is super-
ior to the Columbia, which was de-
tached, and the Scorpion, with her
splendid armament, helps fill out a
squadron that will give a good account
of itself.

The Minneapolis was ordered up to
Newport News for coal immediately
upon her arrival. Flag Lieutenant
Sears ordering a hurry job.

If the New Orleans gets here today
she will be coaled immediately and
with the addition of the tug Fowler as
water boat and the collier just attached
the flying squadron will be complete.

Ready For Marching Orders.

CHICKAMAUGA NATIONAL PARK, Ga.,
May 7.—The Twenty-fifth infantry has
left for Tampa in command of Colonel
Burt, who, though officially notified of
his appointment as a brigadier in the
volunteer army, was ordered to accom-
pany his regiments south. Other regi-
ments now in camp have been ordered
to rid themselves of all heavy equip-
ments of every sort and hold themselves
in light marching order.

Escorting a Coal Fleet.

PORT AU PRINCE, May 7.—The Ger-
man steamer Valdivia, from Hamburg
on March 31 for St. Thomas, where she
arrived on April 11, has put into Aux
Cayes, on the south coast of Haiti. She
reports having met a British warship
escorting westward six barks, nation-
ality unknown, apparently laden with
coal.

Urged Appointment of Walker.

WASHINGTON, May 7.—Chairman Bou-
telle of the house naval affairs com-
mittee, called upon the president to urge
the appointment of Rear Admiral John
G. Walker, retired, as assistant secre-
tary of the navy to succeed Theodore
Roosevelt.

Coppinger Ordered to Report.

MOBILE, May 7.—Major General John
J. Coppinger has received instructions
to report to the adjutant general at
Washington for instructions. He left
on the regular train via St. Louis.

Killed Two Policemen.

NEW ORLEANS, May 7.—While resist-
ing arrest in this city a negro desperado
named Dennis Burrell, alias Brown,
shot and killed two members of the
New Orleans police force and was him-
self finally killed by citizens after a
long and exciting chase.

Talk of Alger Retiring.

WASHINGTON, May 7.—Talk of the
probable retirement of Secretary of War
R. A. Alger from the cabinet is again
current. The secretary denies there is
any foundation for it, but still it finds
many believers.

NUMBER OF MEN

The State Quota of Volunteers
Named by Corbin.

HE WIRED THE GOVERNOR.

The Total Number of Soldiers Not to
Exceed 7,752—The Formation of the
Regiments—Naval Reserve to Be Called
Out—Dissatisfaction Over the Holding
Up of Axline's Appointment—Another
Drumming Out of Camp—Wanted to
Take the Uniforms of the Men Who
Would Not Enlist.

COLUMBUS, May 7.—Adjutant Gen-
eral H. C. Corbin wired Governor Bush-
nell as follows:

"There will be accepted from Ohio a
total aggregate of all grades of all arms
of not to exceed 7,752 men, as follows:
Four regiments, each 11 companies,
three battalions, 44 companies; two
regiments, each 12 companies, three
battalions, 24 companies; two regi-
ments, each 10 companies, three bat-
talions, 20 companies; one battalion of
3 companies, making a total of 91 in-
fantry companies, each three officers
and 69 men. Total, 6,552 men, infantry.
Field staff and non-commissioned offi-
cers, 205."

"Eight troops of cavalry, each 3 offi-
cers and 69 men, 567, total cavalry; field
staff and non-commissioned staff, 13."

"Four light batteries, each 3 officers
and 97 men, 400, total artillery; field
staff and non-commissioned officers, 6."

"The First regiment will contain 11
companies; Second, 10 companies; Third,
10 companies; Fifth, 10 companies;
Eighth, 12 companies; Fourteenth, 10
companies; Sixteenth, 10 companies,
and the Seventeenth 12 companies. The
three battalion formation will be main-
tained. The inspector of rifle practice
will be abolished, as will also the for-
mation of the signal corps and hospital
corps. They may, however, enlist in
companies and be detailed."

On account of the severe weather
General Axline gave all who desired
leave of absence and several thousand
of the troops are quartered at the au-
ditorium and armories. Several hundred
were reported on sick list by reason of
the soaking rain.

In spite of the order of Major Gen-
eral Axline prohibiting any more drum-
ming out of camp, 22 men were again
thus treated. They belonged to Com-
panies C and F of the Third regiment.
The men wanted to take the uniforms
of the flunkers, but the officers would
not permit this, so they were permitted
to go home in their uniforms.

Great dissatisfaction is being ex-
pressed among the troops in camp over
the manner in which the appointment
of General Axline is being held up. It
is felt that he is caught by the nets of
politics, and not a dissenting voice is to
be heard among the officers as to the in-
justice of this manner of paying off old
scores.

The naval reserves will be ordered out
during the next few days. It is said on
the very best authority in the camp that
the naval boys will, in all probability,
be the first of the Ohio troops to see
service, and are likely to be ordered to
sea duty before another week rolls
around, and that all the naval reserves
in the state will go at the first call. It
is not thought that there will be any
preliminary camping, but that the boys
will be ordered to report to some sea
coast naval station at once.

AKRON—Bandmaster William R. Pal-
mer of the Eighth regiment came to
secure new men. He took 24 men to
camp, but six of them refused to enlist
and he was compelled to get six more,
which he secured from ex-members of
the organization. The officers and men
in the regiment will contribute enough
every month to raise the salaries of the
band men to \$30.

WARREN—Rev. T. J. Thorne of Vi-
enna, the "fighting parson," himself a
union veteran, has over 40 men for his
volunteer company.

FINDLAY—Lieutenant W. Schafer of
Company A arrived today from Camp
Bushnell to secure recruits. It took
him only a few minutes to enlist nine
stalwart oilwell drillers, every one six
feet tall. Hundreds who desired to en-
list were disappointed.

Wanamaker Refers to the War.

READING, Pa., May 7.—John Wana-
maker has addressed a largely attended
meeting here. Mr. Wanamaker opened
his speech by referring to the present
war with Spain. He said Spain must
take the consequences of her own mad-
ness and cruelty, and for one he would
not be sorry if the official Spaniard is
without a footing in the world.

Limited Ran Into a Freight.

PHILADELPHIA, May 7.—The Pennsylv-
ania limited express, which left Jersey
City for Chicago, ran into a freight
train at South Bristol. The engineer
and fireman of the express train were
seriously hurt, but all of the passengers
escaped injury. The freight train was
taking the siding when the accident oc-
curred.

The Weather.

Rain or possibly snow, followed by
fair; fair and warmer tomorrow; brisk
northwesterly winds.

FOR LADIES. SPECIAL SHOE SALE

This Week.

Ladies' tan or black, vesting or kid top, coin, lace or button, all sizes, all widths, special at \$2 and \$2.50.

Ladies' hand sewed, tan, vesting top, coin, lace, special at \$3 and \$3.50.

We guarantee to save you from

50cts TO \$1.00

per pair or refund money.

W. H. GASS,

220 Diamond, East Liverpool, O.

OLD OFFICERS ELECTED

At the Meeting of the Board of Health.

READ THE LAST MINUTES

And They Were Interesting Because They Were For a Meeting Held in June—The Usual Bills Were Paid, and Reports Were Submitted.

The board of health met last evening at city hall and elected officers.

As usual the board was not called to order until about 8:30 with members Haines, Chambers, Kerr and Keffer present and Mayor C. F. Bongh presiding. The minutes of the last regular meeting, held June 4, 1897, were read and approved.

The report of the health officer for the month shows 22 births and 18 deaths. The causes of death were consumption two, typhoid fever three. During the month five cases of typhoid fever and three cases of diphtheria were reported.

The report of the sanitary officer showed that he had served 15 notices to clean up and removed five dead animals. The report stated that the main part of the city was in a very good sanitary condition, while the outlying districts were very fair considering the chances the people have to get along the lack of sewerage placing the property owners in a very bad situation in many parts of the city. The reports were approved, and bills amounting to \$82.15 were ordered sent to council for payment.

The board then went into executive session and elected the following officers: Health officer, C. B. Ogden; sanitary officer, J. H. Burgess; clerk, Robert Bursner. The officers were sworn in at once by Mayor Bongh.

Messrs. Chambers, Goodwin and Keffer were appointed members of the finance committee, and Otto Smitbaner was re-engaged as night soiler after considerable discussion.

Sanitary Officer Burgess reported that he had some talk with Solicitor McGarry in regard to the case against Henry Deidrick for some sanitary work. He said the amount had been placed on the tax duplicate but Deidrick had gotten an injunction restraining the treasurer from collecting. The amount involved is about \$127. The secretary was instructed to ask the solicitor to meet the board at their next regular meeting, and the board adjourned.

Winding Up the Work.

Engineer McConnell, owing to the wet weather, did not come from Steubenville this morning.

All the work of surveying on the Southside at this end of the line has been completed. The next work to be done is the replacing of a number of stakes between Kenilworth and the lower ferry. These stakes have been in the ground for almost three years and have almost rotted away.

The First Horse Race.

The first horse race of the season will take place next Wednesday afternoon at Columbian park between Maud D., owned by William Davidson, and Cyclone, owned by Ben Davidson. The race is for \$10 a side, best three in five. Considerable money will be wagered on the result.

The right place to leave your measure for first class tailor suits, is at

ERLANGER'S.

Try Jack Row's ice cream.

EPWORTH LEAGUE.

Lesson For the Week Beginning May 8.
Comment by Rev. W. J. Yates, A. M.
Topic, Taking Things Patiently.

SCRIPTURE READING.—1 Pet. ii, 20; Luke xxi, 19; Rom. v, 3.

Patience is not born with us, but is made by us. Indifference and stupidity, carelessness and lack of sensibility, may be natural, but no one was ever truly patient without effort and experience. This is one of the virtues which require trials and sufferings and disappointments to bring them to perfection. It is more than quietness of soul; more than contentment of mind. It is peace in waiting when waiting is hard to bear, but it is more than this; it has its basis in expectation and is firmly bound to faith. The patient soul trusts, hopes and can wait.

Why are we so often impatient?

Mostly because we are unreasonable and wish to reach some end quickly when it can only be done at expense of much time and labor.

Or we are willful and want to go in our own way when it is certain that is not the best way and should not be followed.

Or we are resentful because we have been in the wrong and are now corrected.

We tug against the leading strings and they choke and hurt us.

We ought to go in the right way. We ought to go willingly. We ought to go gladly. We ought to go at just such a pace as is best. We must learn how fast, how far and all the rest by going.

We must practice. If we meet restraint, we must slow down. If we are spurred on, we must go faster. If one path ends, we must find another. If one plan fails, another must be devised. If pain comes, we must cure it or bear it, not fret because of it. If a fault is found in our work or ourselves, it must be corrected.

We may feel sorrow and shame, but should never feel resentment and anger against the one who showed us the fault. Much less should we become impatient at the truth and the right.

Still more difficult is it to endure criticism and censure and injury when we have done right. Yet this is the work of patience. Jesus leads us here also and the spirit can be calm and sweet and joyous even under persecution. Surely this Christian patience is a gem of value. Possess it!

Our New Bottles.

That a new spirit is taking hold of the young people of Christendom is clear. Not long ago the wall went up on all sides. "Where are the young people? They are not in the churches. What becomes of our probationers? They do not stay in the church." Now, the young life of the land is enlisting for advanced work in the fields of Christian activity. The young people's movement is found in all denominations. It is a movement of life. It shows activity. Of necessity, many of the old things must change under this new impulse. New wine cannot safely be put in the old wine skins. They can't stand the strain. New channels of church work will be planned. New bottles for the new wine will be made. Perhaps the old have fully served their purpose and ought to have been laid aside before. Certainly they cannot hold the new fermenting life of the times.

Social life must be cultivated, not in the worldly, frivolous manner, but in a bright, pure, genuine Christian way. Literary taste and skill must be secured. The ignorance that posed as devotion is doomed. God says, "Let there be light," and light is. The form of devotional services must in some respects be modified. The form must be shaped by the spirit of the new life.

Cost and Compensation.

Many are asking: "What is the good of these monster meetings of the League and Endeavor society? Don't they cost more than they come to?" They are of great value, and the results amply repay all the outlay. The uplift given to thousands by the Toronto and San Francisco conventions, the acquaintances formed, the broadening of mind and soul by travel and contact with the best minds and hearts of the world, the quickening of the pulses of the religious life by song and prayer and speech, the very enthusiasm of numbers, make these great gatherings of incalculable value. They appeal to men by their very size and compel respect for the church in an age when men gauge things largely by their sense qualities. The Pacific slope has had an object lesson of the power and size and spirit of the young life of the church which it will not soon forget. It could have been given in no other way. It has led to the request that the general conference of the Methodist Episcopal church hold its next session in the far west and if possible in the city of San Francisco. It costs, but it pays well to gather the tribes of Israel occasionally together.

Food and Exercise.

These are the two essentials for healthy development of the body. So they are needed in the life of the spirit. Feed on God's word as the bread of life. Read the Bible. Then do all you can to help somebody. These are the two essentials to growth as a Christian.

When Mexico abolishes bullfighting it will have taken a long step away from Spanish nobility and toward decent Americanism.—New York Press.

THE GAME WENT ON.

BIXBY TELLS AN INTERESTING STORY WHILE PLAYING POKER.

It Was About a Sad Incident With a Humorous Side at the Battle of Antietam—How a Game of Draw Generally Takes All a Fellow's Attention.

Johnson was dealing when Bixby began to tell his yarn.

"I heard a first rate story today," he said. "It may be old to you boys, but it was new to me. Colonel Jim Williams of Kentucky was telling it, and he got all the points in, of course, much better than I can. No colonel in Kentucky can tell a better story than Williams. I don't claim to be much of a story teller myself, but"

"You in, Bixby?" asked Butler.

Bixby picked up his hands and played a pair of aces through to his loss. When another player began shuffling the cards, Bixby resumed.

"The story was something like this," he said. "Ike Doolittle was a private in the war. It was at the battle of Antietam. He had a grudge against Lieutenant Forrest. A shell came along, and"

"Are we going to play for anything this time?" asked Johnson.

"Your ante," said Butler to Bixby.

Bixby said, "This shell came along," he said, "and took off Forrest's foot. He saw Doolittle near him, and called to him to take"

"I'm in," said Walters.

"Raise it a couple of reds," said Butler.

Bixby picked up three eights and stood the raise. He drew a fourth and won the pot. Then it was his deal. He shuffled leisurely as he said: "The shell, it seems, took off Forrest's foot, and he called to Doolittle to carry him back to the ambulance. Doolittle lifted him to his shoulder and"

"I had three kings to go," said Williams, referring to his previous hand.

"I had a straight four flush," said Johnson sadly.

"Doolittle lifted him up," continued Bixby, "and"

"Going to shuffle the spots off the cards?" asked Butler.

Bixby started to deal. "Doolittle was carrying him back," he said, "with his head hanging over his shoulder, when along came another shell, and"

"Give me another stack," said Williams. He got it. While the hand was being played Bixby turned to Butler, who had staid out like himself.

"Just then," said Bixby, "another shell came along and took off Forrest's head. Doolittle didn't see it."

"Where was this?" asked Butler politely.

"At Antietam," answered Bixby. "During the war, you know. Doolittle was carrying Forrest back to the ambulance. He said he had his foot shot off. He was being taken back to the ambulance. He"

Butler picked up three aces. "I'm in for a minute," he said. Johnson raised him ten. He saw it and raised back. Johnson staid, and they drew. Butler bet ten and Johnson raised him 20. Butler hesitated and ran over his cards. Then he looked long and searchingly at Johnson. There was a curious tensing in the silence. Bixby turned to Williams.

"Doolittle," he said, "didn't know that Forrest's head had been shot off."

"Why didn't he know it?" Williams absent asked, watching the players.

"He didn't see it," explained Bixby.

"He kept on carrying him back toward the ambulance. Private Canfield came along and said to Doolittle:

"What you carrying that for?"

"It's Lieutenant Forrest," said Doolittle. "I'm taking him back to the ambulance."

"What can they do with him in the ambulance with his head shot off?" asked Private Canfield.

"I call," said Butler, shoving in his chips. Johnson won, and Bixby picked up the cards to deal again.

"Private Canfield," he said, "wanted to know what they could do with him there with his head shot off. 'His head' shouted Doolittle. 'The blamed fool told me 'twas his foot.'"

Bixby pounded the table and laughed heartily. His companions looked at him wondering.

"Who was Doolittle?" asked Johnson.

"Why, he was the fellow that was carrying Forrest"

"Bixby's been telling a story," said Williams.

"What's the point?" asked Butler.

"The point is," said Bixby, "that Doolittle thought his foot was shot off when it was his head. He was carrying him back at the time, and"

"I've got six cards," said Williams.

"It's a misdeal," said Johnson.

"Go on with your story," said Williams to Bixby.

"Yes," said two or three others, "give us the story."

"But I've got through with it," explained Bixby.

"Oh, have you?" said Williams.

"That's good,"—New York Sun.

Switzerland is the land of universalities. It has seven, or one to every 428,570 inhabitants, while Germany has 22, or one to every 4,886,380. Russia has a university for every 10,000,000 only.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May 8.
Comment by Rev. S. H. Doyle.

Topic.—Things my denomination has accomplished.—Ps. lxxxvii, 1-7; Eph. v, 25-27. (To be led by the pastor or some other church officer.)

Christian Endeavor has always magnified and emphasized denominational loyalty. It stands not only for Christ, but also for His church and for His church as composed of various Christian denominations. It has never made light of denominational ties. It has always striven to tighten them. It has never been undenominational, but always interdenominational. Not the least important of all its great works has been the interesting of young people in the history and work of their denominations. That these things are facts and that they have been fully appreciated by the Christian denominations is abundantly testified to by the fact that there are Christian Endeavor societies in 40 different Christian denominations today.

It is impossible to be a loyal Endeavorer and not to be loyal to our denominations and our local churches. The pledge makes this impossible. It distinctly says, "I promise Him (Christ) *** that I will make it the rule of my life *** to support my own church in every way, especially by attending all her regular Sunday and midweek services." Thus it is impossible to be an Endeavorer and to be faithless to church or denomination.

The topical references suggest two reasons why Christian Endeavor has done well to emphasize the importance of the church:

1. God's love for the church, represented by His love for Zion, which typified the church (Ps. lxxxvii, 1-7). "The Lord," says the psalmist, "loveth the gates of Zion more than all the dwellings of Jacob." God loves His church with a deep affection, with an everlasting love. He loves Zion with a special and distinguishing love, not only as compared with the other nations of the world, but even with other parts of the Holy Land itself. If God loves His church so dearly, His love embracing all branches of it, surely those who are God's should also love it and realize its importance. Particularly should we love and serve that branch of the church in which we have been born and raised perhaps or in which at least we have found Christ and been born into His kingdom.

2. Christ's love for the church, proved by His death for it, Eph. v, 25-27. "Christ also loved the church and gave Himself for it that He might sanctify and cleanse it." What a wondrous love that would bleed and die in the stead of the church! So should we love Christ's church and be willing to make sacrifices for its prosperity and its success. And how can we better show this love than by being intensely interested in it, studying up carefully what our part of the church has done in saving souls, in distributing charity, in sending the gospel of Christ to all the world?

Bible Readings.—Ps. xlviii, 1-4; lxxxviii, 67, 68; cxlii, 1-9; cxxxvii, 1-6; Math. v, 13-16; x, 5-15; xvi, 13-20; xviii, 15-18; xxviii, 19, 20; Acts ii, 41-47; xx, 28; 1 Cor. i, 1-3; x, 32, 33; xiv, 1-5; Eph. v, 29; Col. i, 18.

Taking Stock.

Merchants take account of stock, and business generally is reviewed for making an annual inventory. We cannot have such a running account in our spiritual relations, but each one should wisely take a survey for self examination and improvement. Blessings, mercies, benefits, deliverances and responsibilities, duties, promises, pledges, vows and failures, shortcomings, transgressions and sins—these belong to the year now ending. Are you willing thus to make up the record sealed for the eternal judgment? God's infinite grace alone can cure the defects and make your standing for the great day perfect and complete in Jesus Christ.—Reformed Church Messenger.

Begging and Asking.

There is too much begging done and too little asking. There are two things Christians must ever keep in mind. One is that the Lord is not a beggar. He asks for but a small part of what He has so bountifully given. The other is that those who ask in His name are not beggars either. They simply do what the Lord commands. When Christians do a great deal of asking from the Lord, they never call it begging when the Lord asks of them.—Lutheran.

Take Heed.

It is of the utmost importance that men should take heed how and what they hear. The gracious invitation is, "He that hath ears to hear let him hear." But would it not be well for professing Christians, before they go to receive the good seed, either by hearing the word or by reading it, to seek divine strength to cast out the thorns or cares and worldly inclinations lest the seed should be choked?—Churchman.

Answering the Child.

The child is very near to nature's heart. He is gifted usually with observation. If all his spontaneous inquiries into the phenomena by which he is surrounded are slightly and indifferently treated, his observing and reasoning faculties will be defrauded of their natural right to grow and wax strong with his years.—Churchman.

The men who do daring deeds in battle, are men whose arteries pulsate with the rich, red, vital blood of health. The same is true of the men who win success in the battles of work and business. When a man's liver is sluggish, his digestion impaired, and his stomach weak, his blood soon gets thin and impure. The blood is the stream of life. If it is impure every vital organ in the body is improperly nourished and becomes weak and diseased and fails to perform its proper functions in the economy of life. The victim suffers from loss of appetite and sleep, wind, pain, fullness and swelling of the stomach after meals, bad taste in the mouth, foul breath, imaginary lump of food in the throat, headaches, giddiness, drowsiness, heavy head and costiveness.

All of these conditions and their causes are promptly cured by the use of Doctor Pierce's Golden Medical Discovery. It brings back the keen edge of appetite, makes the digestion perfect and the liver active. It makes rich, red, pure blood, filled with the life-giving elements of the food that build healthy tissues, firm flesh, strong muscles and vibrant nerve fibers. It invigorates and vitalizes the whole body, and imparts mental power and elasticity. It cures 98 per cent. of all cases of consumption, strengthens weak lungs, stops bleeding from lungs, spitting of blood, obstinate lingering coughs and kindred ailments.

Costiveness, constipation and torpidity of the liver are surely, speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules. One little Pellet is a gentle laxative, and two a mild cathartic. They never gripe. They stimulate and strengthen the jaded organs until a regular habit is formed and may then be discontinued without a return of the trouble. They stimulate, invigorate and regulate the stomach, liver and bowels. Medicine stores sell them, and have no other pills that "are just as good."

GET YOUR NOTICE?

Many East Liverpool Citizens Have Acknowledged Receipt—The Question is Important.

A notice means a great deal. It all depends on the notice. There are many kinds. This one is serious. It's nature's notice. A warning note of trouble. Neglect it not, delay is dangerous! Where does it come? In the back. Why does it come? Because the kidneys are sick.

How does it come? With aches and pains.

Backache, lame back and weak back are notices.

Notices of kidney trouble.

Notices to take Doan's Kidney Pills. Don't read them wrongly.

Don't take our advice—take your neighbors.

Lots of East Liverpool people can tell you.

There are many kidney remedies. But only one cure.

Other kidney pills—but only one Doan's.

Here's one that knows:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for thirty years I had serious kidney and bladder trouble. I suffered with all the various symptoms in their worst form. The agony I went through can hardly be described. Many nights I rolled from one side to the other trying to find an easy position for my back. I could not move without having sharp twinges of pain and I was also troubled with a urinary difficulty, the secretions being very irregular and at times distressing. I ran down so that I could hardly help myself. Doctors treated me and I took a power of stuff. I had given up all hopes of being cured, having suffered so long and not finding anything that would give me relief more than a few days. When I saw Doan's Kidney Pills advertised as a never-failing remedy, I got a box at the W. & W. Pharmacy. After taking half of it I could see some improvement. I continued to improve from that time on. Doan's Kidney Pills did me more good than anything I ever used and I am quite free in expressing my opinion of them by saying that they are a good remedy for all kidney and bladder trouble."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents, or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

MADE ME A MAN

ALL NERVOUS DISEASES—Falling Memory, Impotency, Sleeplessness, etc., caused by Abuse of other Excesses and Indecencies. They quickly and surely restore Lost Vitality in old or young, and fit a man for study, business or marriage. They cure Insanity and Consumption if taken in time. Their use shows immediate improvement and effects a CURE where all other fail. They rest upon having the genuine Ajax Tablets. They have cured thousands and will cure you. We give a positive written guarantee to effect a cure. 50 CENTS per each case or refund the money. Price for \$2.50. By package, or six packages (full treatment) for \$15.00. Sent in plain wrapper, upon receipt of price (Circular free). AJAX REMEDY CO., 79 Dearborn St., Chicago, Ill.

For sale in East Liverpool, Ohio, by John J. Hodson and the W. & W. Pharmacy.

Spurious Mummies.

Spurious mummies have from time to time been palmed off upon the public, and a doubt arose in a Vienna museum as to the validity of one daughter of the pharaohs in their collection. It occurred to them, in view of the general hollowiness of life, that the young lady might have been manufactured in Birmingham. So they turned the Roentgen rays upon her and saw at once through the many folded wrappings the amulets which the Egyptians placed upon the bosoms of their dead, thus proving the genuineness of their specimen.

FOR LADIES. SPECIAL SHOE SALE

This Week.

Ladies' tan or black, vesting or kid top, coin, lace or button, all sizes, all widths, special at \$2 and \$2.50.

Ladies' hand sewed, tan, vesting top, coin, lace, special at \$3 and \$3.50.

We guarantee to save you from

50cts TO \$1.00

per pair or refund money.

220 Diamond, East Liverpool, O.

OLD OFFICERS ELECTED

At the Meeting of the Board of Health.

READ THE LAST MINUTES

And They Were Interesting Because They Were For a Meeting Held In June—The Usual Bills Were Paid, and Reports Were Submitted.

The board of health met last evening at city hall and elected officers.

As usual the board was not called to order until about 8:30 with members Haines, Chambers, Kerr and Keffer present and Mayor C. F. Bough presiding. The minutes of the last regular meeting, held June 4, 1897, were read and approved.

The report of the health officer for the month shows 22 births and 18 deaths. The causes of death were consumption two, typhoid fever three. During the month five cases of typhoid fever and three cases of diphtheria were reported.

The report of the sanitary officer showed that he had served 15 notices to clean up and removed five dead animals. The report stated that the main part of the city was in a very good sanitary condition, while the outlying districts were very far considering the chances the people have to get along the lack of sewerage placing the property owners in a very bad situation in many parts of the city. The reports were approved, and bills amounting to \$82.15 were ordered sent to council for payment.

The board then went into executive session and elected the following officers: Health officer, C. B. Ogden; sanitary officer, J. H. Burgess; clerk, Robert Burner. The officers were sworn in at once by Mayor Bough.

Messrs. Chambers, Goodwin and Keffer were appointed members of the finance committee, and Otto Smitbauer was re-engaged as night soiler after considerable discussion.

Sanitary Officer Burgess reported that he had some talk with Solicitor McGarry in regard to the case against Henry Deidrick for some sanitary work. He said the amount had been placed on the tax duplicate but Deidrick had gotten an injunction restraining the treasurer from collecting. The amount involved is about \$127. The secretary was instructed to ask the solicitor to meet the board at their next regular meeting, and the board adjourned.

Winding Up the Work.

Engineer McConnell, owing to the wet weather, did not come from Steubenville this morning.

All the work of surveying on the Southside at this end of the line has been completed. The next work to be done is the replacing of a number of stakes between Kenilworth and the lower ferry. These stakes have been in the ground for almost three years and have almost rotted away.

The First Horse Race.

The first horse race of the season will take place next Wednesday afternoon at Columbian park between Maud D., owned by William Davidson, and Cyclone, owned by Ben Davidson. The race is for \$10 a side, best three in five. Considerable money will be wagered on the result.

The right place to leave your measure for first class tailor suits, is at

ERLANGER'S.

EPWORTH LEAGUE.

Lesson For the Week Beginning May 8.

Comment by Rev. W. J. Yates, A. M.

Topic, Taking Things Patiently.

SCRIPTURE READING.—I Pet. ii, 20; Luke xxi, 19; Rom. vi, 3.

Patience is not born with us, but is made by us. Indifference and stupidity, carelessness and lack of sensibility, may be natural, but no one was ever truly patient without effort and experience. This is one of the virtues which require trials and sufferings and disappointments to bring them to perfection. It is more than quietness of soul; more than contentment of mind. It is peace in waiting when waiting is hard to bear, but it is more than this; it has its basis in expectation and is firmly bound to faith. The patient soul trusts, hopes and can wait.

Why are we so often impatient?

Mostly because we are unreasonable and wish to reach some end quickly when it can only be done at expense of much time and labor.

Or we are willful and want to go in our own way when it is certain that is not the best way and should not be followed.

Or we are resentful because we have been in the wrong and are now corrected.

We tug against the leading strings and they choke and hurt us.

We ought to go in the right way. We ought to go willingly. We ought to go gladly. We ought to go at just such a pace as is best. We must learn how fast, how far and all the rest by going. We must practice. If we meet restraint, we must slow down. If we are spurred on, we must go faster. If one path ends, we must find another. If one plan fails, another must be devised. If pain comes, we must cure it or bear it, not fret because of it. If a fault is found in our work or ourselves, it must be corrected. We may feel sorrow and shame, but should never feel resentment and anger against the one who showed us the fault. Much less should we become impatient at the truth and the right.

Still more difficult is it to endure criticism and censure and injury when we have done right. Yet this is the work of patience. Jesus leads us here also and the spirit can be calm and sweet and joyous even under persecution. Surely this Christian patience is a gem of value. Possess it!

Our New Bottles.

That a new spirit is taking hold of the young people of Christendom is clear. Not long ago the wall went up on all sides. "Where are the young people? They are not in the churches. What becomes of our probationers? They do not stay in the church." Now, the young life of the land is enlisting for advanced work in the fields of Christian activity. The young people's movement is found in all denominations. It is a movement of life. It shows activity. Of necessity, many of the old things must change under this new impulse. New wine cannot safely be put in the old wine skins. They can't stand the strain. New channels of church work will be planned. New bottles for the new wine will be made. Perhaps the old have fully served their purpose and ought to have been laid aside before. Certainly they cannot hold the new fermenting life of the times.

Social life must be cultivated, not in the worldly, frivolous manner, but in a bright, pure, genuine Christian way. Literary taste and skill must be secured. The ignorance that posed as devotion is doomed. God says, "Let there be light," and light is. The form of devotional services must in some respects be modified. The form must be shaped by the spirit of the new life.

Cost and Compensation.

Many are asking: "What is the good of these monster meetings of the League and Endeavor society? Don't they cost more than they come to?" They are of great value, and the results amply repay all the outlay. The uplift given to thousands by the Toronto and San Francisco conventions, the acquaintances formed, the broadening of mind and soul by travel and contact with the best minds and hearts of the world, the quickening of the pulses of the religious life by song and prayer and speech, the very enthusiasm of numbers, make these great gatherings of incalculable value. They appeal to men by their very size and compel respect for the church in an age when men gauge things largely by their sense qualities. The Pacific slope has had an object lesson of the power and size and spirit of the young life of the church which it will not soon forget. It could have been given in no other way. It has led to the request that the general conference of the Methodist Episcopal church hold its next session in the far west and if possible in the city of San Francisco. It costs, but it pays well to gather the tribes of Israel occasionally together.

Food and Exercise.

These are the two essentials for healthy development of the body. So they are needed in the life of the spirit. Feed on God's word as the bread of life. Read the Bible. Then do all you can to help somebody. These are the two essentials to growth as a Christian.

When Mexico abolishes bullfighting it will have taken a long step away from Spanish nobility and toward decent Americanism.—New York Press.

THE GAME WENT ON.

BIXBY TELLS AN INTERESTING STORY WHILE PLAYING POKER.

It Was About a Sad Incident With a Humorous Side at the Battle of Antietam—How a Game of Draw Generally Takes All a Fellow's Attention.

Johnson was dealing when Bixby began to tell his yarn.

"I heard a first rate story today," he said. "It may be old to you boys, but it was new to me. Colonel Jim Williams of Kentucky was telling it, and he got all the points in, of course, much better than I can. No colonel in Kentucky can tell a better story than Williams. I don't claim to be much of a story teller myself, but"—

"You in, Bixby?" asked Butler.

Bixby picked up his hands and played a pair of aces through to his loss. When another player began shuffling the cards, Bixby resumed.

"The story was something like this," he said. "Ike Doolittle was a private in the war. It was at the battle of Antietam. He had a grudge against Lieutenant Forrest. A shell came along, and"—

"Are we going to play for anything this time?" asked Johnson.

"Your ante," said Butler to Bixby.

Bixby ante. "This shell came along," he said, "and took off Forrest's foot. He saw Doolittle near him, and called to him to take"—

"I'm in," said Walters.

"Raise it a couple of reds," said Butler.

Bixby picked up three eights and stood the raise. He drew a fourth and won the pot. Then it was his deal. He shuffled leisurely as he said: "The shell, it seems, took off Forrest's foot, and he called to Doolittle to carry him back to the ambulance. Doolittle lifted him to his shoulder and"—

"I had three kings to go," said Williams, referring to his previous hand.

"I had a straight four flush," said Johnson sadly.

"Doolittle lifted him up," continued Bixby, "and"—

"Going to shuffle the spots off the cards?" asked Butler.

Bixby started to deal. "Doolittle was carrying him back," he said, "with his head hanging over his shoulder, when along came another shell, and"—

"Give me another stack," said Williams. He got it. While the hand was being played Bixby turned to Butler, who had staid out like himself.

"Just then," said Bixby, "another shell came along and took off Forrest's head. Doolittle didn't see it."

"Where was this?" asked Butler politely.

"At Antietam," answered Bixby. "During the war, you know. Doolittle was carrying Forrest back to the ambulance. He said he had his foot shot off. He was being taken back to the ambulance. He"—

Butler picked up three aces. "I'm in for a minute," he said. Johnson raised him ten. He saw it and raised back. Johnson staid, and they drew. Butler bet ten and Johnson raised him 20. Butler hesitated and ran over his cards. Then he looked long and searchingly at Johnson. There was a curious tenseness in the silence. Bixby turned to Williams.

"Doolittle," he said, "didn't know that Forrest's head had been shot off."

"Why didn't he know it?" Williams absently asked, watching the players.

"He didn't see it," explained Bixby.

"He kept on carrying him back toward the ambulance. Private Canfield came along and said to Doolittle:

"What you carrying that for?"

"It's Lieutenant Forrest," said Doolittle. "I'm taking him back to the ambulance."

"What can they do with him in the ambulance with his head shot off?" asked Private Canfield.

"I call," said Butler, shoving in his chips. Johnson won, and Bixby picked up the cards to deal again.

"Private Canfield," he said, "wanted to know what they could do with him there with his head shot off. 'His head!' shouted Doolittle. 'The blamed fool told me 'twas his foot.'"

Bixby pounded the table and laughed heartily. His companions looked at him wonderingly.

"Who was Doolittle?" asked Johnson.

"Why, he was the fellow that was carrying Forrest!"

"Bixby's been telling a story," said Williams.

"What's the point?" asked Butler.

"The point is," said Bixby, "that Doolittle thought his foot was shot off when it was his head. He was carrying him back at the time, and"—

"I've got six cards," said Williams.

"It's a misdeal," said Johnson.

"Go on with your story," said Williams to Bixby.

"Yes," said two or three others, "give us the story."

"But I've got through with it," explained Bixby.

"Oh, have you?" said Williams.

"That's good."—New York Sun.

Switzerland is the land of universalities. It has seven, or one to every 428, 570 inhabitants, while Germany has 22, or one to every 2,886,360. Russia has a university for every 10,000,000 only.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May 8.

Comment by Rev. S. H. Doyle.

Topic.—Things my denomination has accomplished.—Ps. lxxxvii, 1-7; Eph. v, 25-27. (To be led by the pastor or some other church officer.)

Christian Endeavor has always magnified and emphasized denominational loyalty. It stands not only for Christ, but also for His church and for His church as composed of various Christian denominations. It has never made light of denominational ties. It has always striven to tighten them. It has never been undenominational, but always interdenominational. Not the least important of all its great works has been the interesting of young people in the history and work of their denominations. That these things are facts and that they have been fully appreciated by the Christian denominations is abundantly testified to by the fact that there are Christian Endeavor societies in 40 different Christian denominations today.

It is impossible to be a loyal Endeavorer and not to be loyal to our denominations and our local churches. The pledge makes this impossible. It distinctly says, "I promise Him (Christ) *** that I will make it the rule of my life *** to support my own church in every way, especially by attending all her regular Sunday and midweek services." Thus it is impossible to be an Endeavorer and to be faithless to church or denomination.

The topical references suggest two reasons why Christian Endeavor has done well to emphasize the importance of the church:

1. God's love for the church, represented by His love for Zion, which typified the church (Ps. lxxxvii, 1-7). "The Lord," says the psalmist, "loveth the gates of Zion more than all the dwellings of Jacob." God loves His church with a deep affection, with an everlasting love. He loves Zion with a special and distinguishing love, not only as compared with the other nations of the world, but even with other parts of the Holy Land itself. If God loves His church so dearly, His love embracing all branches of it, surely those who are God's should also love it and realize its importance. Particularly should we love and serve that branch of the church in which we have been born and raised perhaps or in which at least we have found Christ and been born into His kingdom.

2. Christ's love for the church, proved by His death for it, Eph. v, 25-27. "Christ also loved the church and gave Himself for it that He might sanctify and cleanse it." What a wondrous love that would bleed and die in the stead of the church! So should we love Christ's church and be willing to make sacrifices for its prosperity and its success. And how can we better show this love than by being intensely interested in it, studying up carefully what our part of the church has done in saving souls, in distributing charity, in sending the gospel of Christ to all the world?

Bible Readings.—Ps. xlviii, 1-14; lxxxviii, 67, 68; cxiii, 1-9; cxxxvii, 1-6; Math. v, 13-16; x, 5-15; xvi, 13-20; xviii, 15-18; xxviii, 19, 20; Acts ii, 41-47; xx, 28; 1 Cor. i, 1-3; x, 32, 33; xiv, 1-5; Eph. v, 29; Col. i, 18.

Taking Stock.

Merchants take account of stock, and business generally is reviewed for making an annual inventory. We cannot have such a running account in our spiritual relations, but each one should wisely take a survey for self examination and improvement. Blessings, mercies, benefits, deliverances and responsibilities, duties, promises, pledges, vows and failures, shortcomings, transgressions and sins—these belong to the year now ending. Are you willing thus to make up the record sealed for the eternal judgment? God's infinite grace alone can cure the defects and make your standing for the great day perfect and complete in Jesus Christ.—Reformed Church Messenger.

Begging and Asking.

There is too much begging done and too little asking. There are two things Christians must ever keep in mind. One is that the Lord is not a beggar. He asks for but a small part of what He has so bountifully given. The other is that those who ask in His name are not beggars either. They simply do what the Lord commands. When Christians do a great deal of asking from the Lord, they never call it begging when the Lord asks of them.—Lutheran.

Take Heed.

It is of the utmost importance that men should take heed how and what they hear. The gracious invitation is, "He that hath ears to hear let him hear." But would it not be well for professing Christians, before they go to receive the good seed, either by hearing the word or by reading it, to seek divine strength to cast out the thorns or cares and worldly inclinations lest the seed should be choked?—Churchman.

Answering the Child.

The child is very near to nature's heart. He is gifted usually with observation. If all his spontaneous inquiries into the phenomena by which he is surrounded are slightly and indifferently treated, his observing and reasoning faculties will be defrauded of their natural right to grow and wax strong with his years.—Churchman.

The men who do daring deeds in battle, are men whose arteries pulsate with the rich, red, vital blood of health. The same is true of the men who win success in the battles of work and business. When a man's liver is sluggish, his digestion impaired, and his stomach weak, his blood soon gets thin and impure. The blood is the stream of life. If it is impure every vital organ in the body is improperly nourished and becomes weak and diseased and fails to perform its proper functions in the economy of life. The victim suffers from loss of appetite and sleep, wind, pain, fullness and swelling of the stomach after meals, bad taste in the mouth, foul breath, imaginary lump of food in the throat, headaches, giddiness, drowsiness, heavy head and costiveness.

All of these conditions and their causes are promptly cured by the use of Doctor Pierce's Golden Medical Discovery. It brings back the keen edge of appetite, makes the digestion perfect and the liver active. It makes rich, red, pure blood, filled with the life-giving elements of the food that build healthy tissues, firm flesh, strong muscles and vibrant nerve fibers. It invigorates and vitalizes the whole body, and imparts mental power and elasticity. It cures 98 per cent. of all cases of consumption, strengthens weak lungs, stops bleeding from lungs, spitting of blood, obstinate lingering coughs and kindred ailments.

Costiveness, constipation and torpidity of the liver are surely, speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. They stimulate and strengthen the jaded organs until a regular habit is formed and may then be discontinued without a return of the trouble. They stimulate, invigorate and regulate the stomach, liver and bowels. Medicine stores sell them, and have no other pills that "are just as good."

GET YOUR NOTICE?

Many East Liverpool Citizens Have Acknowledged Receipt—The Question is Important.

A notice means a great deal. It all depends on the notice. There are many kinds. This one is serious. It's nature's notice. A warning note of trouble. Neglect it not, delay is dangerous! Where does it come? In the back. Why does it come? Because the kidneys are sick. How does it come? With aches and pains.

Backache, lame back and weak back are notices. Notices of kidney trouble. Notices to take Doan's Kidney Pills. Don't read them wrongly.

Don't take our advice—take your neighbors. Lots of East Liverpool people can tell you.

There are many kidney remedies. But only one cure. Other kidney pills—but only one Doan's.

Here's one that knows: Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for thirty years I had serious kidney and bladder trouble. I suffered with all the various symptoms in their worst form. The agony I went through can hardly be described. Many nights I rolled from one side to the other trying to find an easy position for my back. I could not move without having sharp twinges of pain and I was also troubled with a urinary difficulty, the secretions being very irregular and at times distressing. I ran down so that I could hardly help myself. Doctors treated me and I took a power of stuff. I had given up all hopes of being cured, having suffered so long and not finding anything that would give me relief more than a few days. When I saw Doan's Kidney Pills advertised as a never-failing remedy, I got a box at the W. & W. Pharmacy. After taking half of it I could see some improvement. For sale in East Liverpool, Ohio, by John J. Hodson and the W. & W. Pharmacy.

Spurious Mummies.

Spurious mummies have from time to time been palmed off upon the public, and a doubt arose in a Vienna museum as to the validity of one daughter of the pharaohs in their collection. It occurred to them, in view of the general hollowness of life, that the young lady might have been manufactured in Birmingham. So they turned the Roentgen rays upon her and saw at once through the many folded wraps the amulets which the Egyptians placed upon the bosoms of their dead, thus proving the genuineness of their specimen.

KNOWS ABOUT THE NAVY

He Served on the Olympia
Under Admiral Dewey

THEN WENT TO THE VESUVIUS

Where He Was For Months a Member of
the Crew—Life on One of the Most Dan-
gerous Boats of the United States Navy
Described by a Sailor.

There was until yesterday evening in
the city a colored man who had until
February last been in the navy for
nearly three years. When he was at
the station last night awaiting an east-
ern train he was seen by a reporter, and
in speaking of his service said:

"My name is Albert Green but I do
not want that said in the newspapers,
I have got enough notoriety, but a story
is a story and a naval story is read these
days.

"I enlisted in the navy some 30
months ago as a landsman. An able
bodied seaman is one who has been in
the service not less than five years and
all under that limit are called landsmen.
Being a colored man, I did not get the
advancement some white people re-
ceived, and I have known some white
boys to go in the navy as green as
grass, and within 12 or 16 months re-
ceive an office. When I first entered I
was assigned to duty on the Olympia,
now under command of Admiral George
C. Dewey, of the Asiatic squadron. My
duties were of a varied character, and I
walked all about the ship. Last year I
was assigned to duty on the dynamite
cruiser Vesuvius. There are not many
men on it, but when the boat is
in action it is the most deadly
craft in the United States navy
today. I received an honorable
discharge from this boat on the 14th of
last February while the boat was in
southern waters.

"The Vesuvius is a craft on which no
man's life is safe. If a shell from the
enemy should strike the boat broadside
there would not be a man left to tell the
tale. In the center of the Vesuvius is
where the torpedoes are kept. Each
torpedo has a cell to itself, and is loaded
in the center with one gallon and a half
of nitro glycerine and in other parts
are pounds upon pounds of gun cotton.
When one of these explodes it is goodbye
to the ship it strikes.

"We are sure winners in the war
with Spain. There is not a boat in the
entire navy of Spain that is equal to the
best ship we have. The Spanish have,
they think, in their crack vessel Viscaya
one that is hard to beat, but I think
they had better guess again. When
this boat was in New York harbor in
the early part of April the United States
officers were not asleep. The govern-
ment has now in his possession infor-
mation as to all the weak points of the
ship, and in a fight with Schley or Samp-
son this information will not be amiss.
The pilot house of the Viscaya is unpro-
tected, as are also parts where ammuni-
tion is stored. Let a shell from a United
States boat strike any of these parts and
ship in which Spain puts so much confi-
dence is no more. The boat is a clumsy
one, and although built on supposed up-
to-date ideas, is very poorly constructed.

"The United States can end the war
in short order if the North Atlantic
squadron and the Flying squadron will
just give to the balance of the Spanish
fleet a few more drops of Dewey's cele-
brated honor destroyer which I think is
able to kill, and put an end to anything
Spanish."

Mr. Green is a colored man, about 27
years of age, well educated, and during
his talk became very enthusiastic over
the work of the United States in sup-
pressing the great crime the Spaniards
have committed in Cuba.

Connected With the Trestle.

C. C. Baker, of Alliance, representing
the Pennsylvania Bridge company of
Beaver Falls, was in the city yesterday
attending to some important business
connected with the West End trestle.

Moved a Post.

The mile post at the corner of East
Market street and Lincoln avenue was
removed yesterday afternoon, and will
be placed at a point some distance far-
ther out the road.

Will Have a Picnic.

The Improved Order of Red Men have
made arrangements for their annual
picnic to be held at Silver Lake, Friday,
July 1.

THE BOSTON DEPARTMENT STORE.

We Wish to Call Your Attention This Week

to some items you don't see advertised every day, but items
nevertheless that are very important. The first of these is

CORDETTE. The perfection of a shape giving fabric. If, after the trouble
of selecting dress goods, of consulting the dressmaker as to
design, and having numerous fittings, a handsome gown is evolved, is it not aggravating
if that gown loses its shape in a week's wear, through not being properly interlined? Cordette
will save any such annoyance. Garments will keep in perfect and permanent shape if Cor-
dette is used. We are the sole selling agents for Cordette in this city. Beware of imitations.
Price 20c per yard.

MENDING TISSUE. Most useful and greatest labor saving
invention of the age. Warranted to
give satisfaction. Repairs any kind of clothing. How often a garment is thrown aside because
of a slight rent, being impossible to darn or patch neatly with a needle, but with our tissue it
can be speedily and perfectly repaired to look as good as new. Price, 10c.

Velvet Grip, Cushion Button, Hose Supporters. The round rib loop
and cushioned stud create a Velvet Grip that on hosiery will neither cut nor slip. Guaranteed
durable. Price runs from 15c to 35c a pair.

The Double Ve Waist. This week received a full line of the celebrated Double
Ve Corset Waists, in children's, misses' and ladies'. This superior waist costs you no more
than others charge for inferior qualities. Prices are 50c, 75c and \$1.

Warner's Featherbone Shirt Waist Forms. These insure stylish effects.
Come in Tarlatan and Taffetta, and are priced at 50c each. You cannot afford to be without
one, now that the waist season is on.

Beautiful Winona.

Winona lake, Indiana, (formerly
Eagle lake) is an attractive summer
haven on the Pennsylvania lines near
Warsaw, Indiana. As the site of
Winona Assembly and Summer school,
this resort has grown into popular favor
very rapidly. Improvements made on
the two hundred acres of romantic
woodland which stretches nearly two
miles along the eastern shore of Winona
lake, a beautiful sheet of water, include
all the comforts and conveniences for a
highly enjoyable sojourn. Ample facili-
ties are at hand for satisfactory enter-
tainment at reasonable rates at the com-
modious hotel which adjoins the railway
station at the entrance to the grounds,
in cosy cottages, or in tents as may be
preferred.

Persons who may desire to combine
devotion, entertainment and instruction
with rest and recreation will find
Winona lake the ideal spot for invigor-
ating both mind and body by instructive
entertainment and study and health-
giving recreation. The educational
work of the Summer school is in charge
of well known instructors. The college
halls are equipped with all required
paraphernalia; the large auditorium in
which the Assembly meets, and in which
prominent lecturers are heard during
the season, has a seating capacity of over
3,000. An amphitheatre, race track and
other facilities for athletic pastimes are
provided. The fishing, bathing and
boating are fine, the large fleet of boats
being of the best.

The season of 1898 will open May 15.
Commencing on that date excursion
tickets with 15 day limit will be on sale
via Pennsylvania lines. They may be
obtained during May, June, July and
August. The sale of season excursion
tickets will begin June 1, and continue
daily until Sept. 30. Season excursion
tickets will be good returning until
Oct. 31.

Full information about the attractions
at "Beautiful Winona," its Assembly
and Summer school, etc., will be cheer-
fully furnished all who address Mr. Sol.
C. Dickey, secretary, Winona Lake,
Ind. Inquiries about excursion rates,
time of trains, etc., should be addressed
to passenger and ticket agents of the
Pennsylvania lines or to F. Van Dusen,
chief assistant general passenger agent,
Pittsburg, Pa.

KNOWS ABOUT THE NAVY

He Served on the Olympia
Under Admiral Dewey

THEN WENT TO THE VESUVIUS

Where He Was For Months a Member of
the Crew—Life on One of the Most Dan-
gerous Boats of the United States Navy
Described by a Sailor.

There was until yesterday evening in the city a colored man who had until February last been in the navy for nearly three years. When he was at the station last night awaiting an eastern train he was seen by a reporter, and in speaking of his service said:

"My name is Albert Green but I do not want that said in the newspapers, I have got enough notoriety, but a story is a story and a naval story is read these days.

"I enlisted in the navy some 30 months ago as a landsman. An able bodied seaman is one who has been in the service not less than five years and all under that limit are called landsmen. Being a colored man, I did not get the advancement some white people received, and I have known some white boys to go in the navy as green as grass, and within 12 or 16 months receive an office. When I first entered I was assigned to duty on the Olympia, now under command of Admiral George C. Dewey, of the Asiatic squadron. My duties were of a varied character, and I walked all about the ship. Last year I was assigned to duty on the dynamite cruiser Vesuvius. There are not many men on it, but when the boat is in action it is the most deadly craft in the United States navy today. I received an honorable discharge from this boat on the 14th of last February while the boat was in southern waters.

"The Vesuvius is a craft on which no man's life is safe. If a shell from the enemy should strike the boat broadside there would not be a man left to tell the tale. In the center of the Vesuvius is where the torpedoes are kept. Each torpedo has a cell to itself, and is loaded in the center with one gallon and a half of nitro glycerine and in other parts are pounds upon pounds of gun cotton. When one of these explodes it is goodbye to the ship it strikes.

"We are sure winners in the war with Spain. There is not a boat in the entire navy of Spain that is equal to the best ship we have. The Spanish have, they think, in their crack vessel Viscaya one that is hard to beat, but I think they had better guess again. When this boat was in New York harbor in the early part of April the United States officers were not asleep. The government has now in his possession information as to all the weak points of the ship, and in a fight with Schley or Sampson this information will not be amiss. The pilot house of the Viscaya is unprotected, as are also parts where ammunition is stored. Let a shell from a United States boat strike any of these parts and ship in which Spain puts so much confidence is no more. The boat is a clumsy one, and although built on supposed up-to-date ideas, is very poorly constructed.

"The United States can end the war in short order if the North Atlantic squadron and the Flying squadron will just give to the balance of the Spanish fleet a few more drops of Dewey's celebrated honor destroyer which I think is able to kill, and put an end to anything Spanish."

Mr. Green is a colored man, about 27 years of age, well educated, and during his talk became very enthusiastic over the work of the United States in suppressing the great crime the Spaniards have committed in Cuba.

Connected With the Trestle.

C. C. Baker, of Alliance, representing the Pennsylvania Bridge company of Beaver Falls, was in the city yesterday attending to some important business connected with the West End trestle.

Moved a Post.

The mile post at the corner of East Market street and Lincoln avenue was removed yesterday afternoon, and will be placed at a point some distance farther out on the road.

Will Have a Picnic.

The Improved Order of Red Men have made arrangements for their annual picnic to be held at Silver Lake, Friday, July 1.

We are very modest in our statement when saying we furnish the best fitting made to measure suits in East Liver-try us.

UNION PAPERS.
All Union papers of East Liverpool are
known to the various craft and unions of
the city by the printing of the above
Union Label at the head of their columns.

While the news from Manila is mea-
gre in the extreme there seems to be no
doubt that Dewey has had it all his own
way.

It is to be hoped Admiral Sampson
will find the enemy's fleet. Otherwise
those spiteful French and Spanish will
say he took especial pains to dodge
them.

Let the war continue a few weeks and
it will not be necessary to enact an
immigration restriction law. Your
average European has enough of military
service on his own side of the water.

Spain's troubles at home seem more
dangerous than her war in Cuba. In
the latter event she would only lose the
island, while in the former she bids fair
to fall to pieces.

The man who possesses sufficient
intelligence to bring order out of chaos,
throw down Sagasta and give Spain
something like a fixed policy is the indi-
vidual sadly wanted in the crumbling
old kingdom just now.

No wonder we do not hear from
Manila every hour. Those messages
pass through a distance of about 15,000
miles, and are repeated 18 times after
the first operator sends them along the
wire.

The government seems to be showing
real good sense in dealing with other
nations now that we are at war. The
release of the Lafayette manifests a
desire to deal justly with even those
who have reviled us, not perhaps because
we happen to be afraid of France, but
because in this instance France had the
right on its side.

THE BOARD OF HEALTH.

It is sincerely hoped that the new
board of health will not follow in the
footsteps of the gentlemen who made up
the body last year, and begin neglecting
the work laid down. If the members
do not want to perform the duties im-
posed upon them, let them step down
and out, and give way to citizens who
will do as the people desire. There
could be found no possible excuse for
the manner in which the business of
that department has been transacted,
and there should be some means of re-
dress if indications point to a similar
condition this year.

UNCLE SAM'S POSITION.

It is not at all probable that this
nation will call a conference of European
governments for the purpose of deciding
upon what will be done with the Phil-
pine islands now that the Stars and
Stripes wave triumphantly over Manila.
Our Uncle Sam is big enough and strong
enough to take care of himself. He
realizes the importance of a foothold in
the eastern world, and possesses
sufficient courage to hold it now that
his guns have cleared a way. Germany
may storm, and France and Russia and
all the rest of them can fret to their
heart's content, but the opportunity for
that aggressive foreign policy we have
heard so much about is now presented,
and if we are wise we will not yield an
inch. There are those of our own peo-
ple who will decry this policy and at-
tempt to show that America has enough
to do looking after her own, but they
forget that this constantly growing
nation must soon find outside markets
for its products, and those markets, as
already discovered by Europe, are in
the new world of the east.

Try Jack Rowe's Icecream.

IT'S DAMP IN CAMP

But Liverpool's Soldiers Are
Getting Along Well.

PRIVATE McKINNON RELEASED

From the Hospital, and Is Now as Well as
Anyone—Some Information For the Peo-
ple Who Go to Columbus Tomorrow.
Must Feed Themselves.

CAMP BUSHNELL, May 6.—[Special]—
These are dreary days for the soldier
boys at Camp Bushnell, for they have
never before experienced such miserable
weather. Even when the Guard was
taken to Cleveland and compelled to
camp in a lake of mud there were occa-
sional breaks in the heavy lead-
colored pall which overhung the
tents, but here we have had rain,
rain, nothing but rain. Shower has
followed drizzle, and drizzle has fol-
lowed shower, until Camp Bushnell is
little better than a rain-soaked pasture
field dotted with tents and closely
guarded by long lines of dripping blue-
clad sentries. It may be better after
awhile. We hope so, for even a soldier
must have sunshine to cheer him on his
way.

In spite of it all there is cheer
in the camp of Company E.
The boys gather together in their tents,
and there the story and song go round
while the fragrance of what happens to
be left of Frank Sebring's cigars creep
out through the flaps and make members
of other companies wish they too had
patriotic friends at home who do not
forget the soldiers. These days are pleas-
ant in spite of the rain for they
create a fraternity which will require
years to break down. The boys all seem
to know it, and to appreciate it too, for
they are good friends, loyal to their
country and their officers, and last but
not least intensely loyal to East Liver-
pool.

Sergeant Hanley is just now a soldier
of some importance. While at home he
always kept his clothes in the best of
order, and his face presented a splendid
appearance. Recently, however, a patch
of rusty whiskers have appeared on his
face, and, braving the wrath of all the
boys, has had them cut a la Weyler. It
is currently rumored that this is done in
the hope he will escape injury from
the Spanish should we go into
battle, but he brands it as
the work of unscrupulous enemies who
desire to work him in calculable injury.

Corporal Hackworth, he who never
lacks for a joke, has issued a stern de-
cree that no white collars are to be worn
in camp on week days. Hackey has
had no little trouble in assembling his
squad in quick order through the desire
of some to don their collars and smooth
their hair before falling into line for
duty.

Orville McKinnon, our measles patient
has been released from the hospital
tent, and is as good as new. His
blankets and clothes were carefully
fumigated and he can once more asso-
ciate with good men. All the boys are
 hale and hearty, and show no signs of
pneumonia in spite of the rain.

A basket of delicacies were received
by Smith and Heddleson from friends
at home today, and immediately
there was great rejoicing in camp for the
boys will then be able to give the com-
pany a better appearance.

By the way, if any Liverpool people
have a desire to send their friends
among the soldiers something nice, they
can express them to Camp Bushnell.
The ambulance corps will deliver all
packages when properly addressed with
regiment and company. A contribution
of \$1 from each company makes the ser-
vice possible.

We now have a Western Union tele-
graph office in camp, and messages can
be sent to any soldier at regular rates.

We are all expecting a big crowd from
Liverpool on Sunday, but we would ad-
vise all visitors to obtain dinner before
coming to camp or to obtain a meal at
the sutler's tent, where they can be well
fed for a small outlay. The state has is-
sued an order forbidding the feeding of
civilians.

TRUMP.

THIRTY MEN

Wanted to Enlist When Sergeant Hanley
Came to Town.

Sergeant Frank Hanley, of Company
E, arrived today from Camp Bushnell
for the purpose of securing six recruits
who are needed to bring the company to
its full quota.

When the news became known that
six recruits were needed the sergeant
was besieged by at least 30 men who
wanted to enlist. The names of all were
taken, and those who care to go to
Columbus at their own expense will be

given the physical examination and the
best men selected. If none can be se-
cured who are willing to pay their own
way to Columbus, the company will have
to recruit from Columbus men as trans-
portation is not allowed them.

Lieutenant Hall yesterday received
his uniform, and was junior officer of
the guard.

The boys at the camp are expressing
hearty thanks to Mrs. E. M. Knowles,
Miss Nina Lee and the Misses Darfinger
for a large hamper laden with all the
delicacies of the season.

CHURCH CHIMES.

Free Methodist church, S. O. Yelving-
ton, pastor—Sunday school, 9:30 a. m.;
preaching 10:45 a. m. and 7:30 p. m.

Second Presbyterian, East End—
Preaching by Rev. J. L. Grim, of
Leipsic, Ohio: Morning, 11 o'clock;
evening, 8 o'clock. Sabbath school, 10
a. m.; Endeavor, 7 p. m., led by
Noah Orr: subject, "What has my de-
nomination accomplished." Everybody
welcome.

First Presbyterian church—Preaching
by the pastor, Rev. John Lloyd Lee, 11
a. m., communion and reception of
members; 7:30 p. m., song service, ser-
mon, "Great God Our King." What
God has to do with men and nations.
The first commandment at the present
time. Sunday school 9:30 a. m. Chris-
tian Endeavor 6:15 p. m. All are in-
vited.

Great Glory."

Salvation Army, Ensign Young in
charge—Meeting tonight at 8 o'clock.
Sunday as follows: 9:30 Junior meet-
ing; 11 Holiness meeting; 3 p. m., free
and easy; 8 p. m., Salvation meeting.

Full opera house orchestra at
the dance.

Jumped a Board Bill.

The Wellsville authorities yesterday
afternoon telephoned to this place, ask-
ing that a search be made for a young
man whom they thought was attempt-
ing to jump a board bill amounting to
\$16.

An officer was detailed on the case,
and in going along Second street saw
the gentleman and told him he would
save a lot of trouble by making arrange-
ments to pay the bill immediately. He
had just received his pay from the pay
car, and the bill was immediately paid.

Fun, patriotism and all new
music at Brunt's hall Monday.

They Want a Game.

The local ball team has received let-
ters from the Fredonia, Pa., team want-
ing a game. The Soffel team of Pitts-
burg, want to play here on Decoration
day or the Fourth of July.

The team did not go to Rochester to-
day, but will play there Saturday week.

How About Your Parlor?

If you are figuring on a

New Parlor Suit

This spring we have something
that will interest you.

We will sell you a five piece suit,
a three piece suit or any one piece
you may want.

If you haven't bought your New Carpet yet we
will please you in whatever kind you may wish.

FRANK CROOK,

Fifth and Market Streets.

ON THE BENCH.

That Is Where Carey Will Likely Re-
main.

The Louisville correspondent to Sport-
ing Life, under the head of "Team
Changes," makes the following com-
ment of Carey:

"During the week Carey was laid off
and Wagner transferred to first base
Carey had not been feeling well and
his batting was weak. Wagner is play-
ing a phenomenal game at first, and
Smith, who has taken his place at sec-
ond, is also doing first-class work and
hitting somewhat stronger than Carey.
Consequently the change is likely to be
permanent, and the future of Carey
uncertain."

The many friends of Carey in this
city will be sorry to hear that his
chances are not good for staying with
the team, as Wagner is playing a strong
game at present.

FRUIT IS ALL RIGHT.

Never Were the Chances Better For a
Good Crop.

The fruit, which has been reported to
have been killed by the early frosts, has
by later reports been shown to be not
killed, but that there never has been
brighter prospects for a large crop.
Many varieties are now out of danger,
and it will take a hard freeze to damage
the fruit at all.

Tonight at Y. M. C. A. Cycle
show, basket ball game, Man-
ley's band.

Entertained.

Ambrose Webber splendidly enter-
tained a large party of his friends last
evening in honor of his wedding.

Nowling dance Monday.

ICE CREAM.

I have engaged in the business of manu-
facturing Ice Cream, and will sell

Wholesale and Retail,

Cream made from only the purest and
best materials. Leave orders at the bakery,
100 Washington street, or watch for the
wagon. Satisfaction guaranteed.

JACK ROWE,

160 Washington Street.

PERSONAL MENTION.

Printed envelopes, either 6 or
6½ in size, at the NEWS RE-
VIEW, from 95 cents per thous-
and up, according to quality. We
defy competition in workman-
ship or material.

—Hugh McNicol was in Rochester on
business today.

—Thomas Forster, of West Market
street, was a Pittsburg visitor today.

—Miss Katherine Ames, of Youngs-
town, is in the city visiting friends.

Senator Lindsay's Luxuries.

"If I had plenty of money to do with
as I wished," said Senator Lindsay of
Kentucky to a party of friends, "I'd
have music played at all of my meals
and get cigars made at \$50 a hundred.
Those are two luxuries I would most
surely indulge myself in. I'd have the
music played by a small orchestra, say
a horn and two or three violins and a
flute and a bass viol, and I'd have it
play soft, harmonious airs while I ate,
and now and then I'd have some vocal
music given by colored voices. There's
a peculiar harmony in a negro's singing
tone. I'd have 'em sing such things as
'When the Watermelon Hangs Upon
the Vine.' That's a song calculated to
inspire the most sluggish appetite. I
remember hearing it once on a Missis-
sippi river boat. A lot of us were
aboard, and in the party was Hooker of
Mississippi. There were some darkies
aboard who played instrumental music
with banjos, guitars and a fiddle. I
asked 'em if they ever sung, and they
said they did sometimes. Well, they
struck up 'When the Watermelon Hangs
Upon the Vine.' Hooker had never
heard it before, and it nearly set him
crazy."—Washington Star.

African Lion and Buffalo Bull.

The large horns of these buffalo are
significant of their immense strength;
their legs are very short and powerful.
Though the lions make prey of them, it
takes two or three to pull down a bull.
The African lion of this section is the
largest species of its kind, but unless in
parks will not attack an African buffalo
bull. When fighting, the bulls are very
quick on their feet, and they use not
only their horns, but their front feet
also, which often prove the more dan-
gerous weapon. My guide who has
lived in this country for the past ten
years, relates many stories of men who
have been mauled by lions and who
have escaped death, but he knows of no
instance where the African buffalo has
left a human being until the life was
trampled out of him.—Arthur C. Ham-
bert in Harper's Magazine For April

EAST LIVERPOOL, O., SATURDAY, MAY 7.

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Label at the head of their columns.

WHILE the news from Manila is meagre in the extreme there seems to be no doubt that Dewey has had it all his own way.

It is to be hoped Admiral Sampson will find the enemy's fleet. Otherwise those spiteful French and Spanish will say he took especial pains to dodge them.

LET the war continue a few weeks and it will not be necessary to enact an immigration restriction law. Your average European has enough of military service on his own side of the water.

SPAIN'S troubles at home seem more dangerous than her war in Cuba. In the latter event she would only lose the island, while in the former she bids fair to fall to pieces.

THE man who possesses sufficient intelligence to bring order out of chaos, throw down Sagasta and give Spain something like a fixed policy is the individual sadly wanted in the crumbling old kingdom just now.

NO WONDER we do not hear from Manila every hour. Those messages pass through a distance of about 15,000 miles, and are repeated 18 times after the first operator sends them along the wire.

THE government seems to be showing real good sense in dealing with other nations now that we are at war. The release of the Lafayette manifests a desire to deal justly with even those who have reviled us, not perhaps because we happen to be afraid of France, but because in this instance France had the right on its side.

THE BOARD OF HEALTH.

It is sincerely hoped that the new board of health will not follow in the footsteps of the gentlemen who made up the body last year, and begin neglecting the work laid down. If the members do not want to perform the duties imposed upon them, let them step down and out, and give way to citizens who will do as the people desire. There could be found no possible excuse for the manner in which the business of that department has been transacted, and there should be some means of redress if indications point to a similar condition this year.

UNCLE SAM'S POSITION.

It is not at all probable that this nation will call a conference of European governments for the purpose of deciding upon what will be done with the Philippine islands now that the Stars and Stripes wave triumphantly over Manila. Our Uncle Sam is big enough and strong enough to take care of himself. He realizes the importance of a foothold in the eastern world, and possesses sufficient courage to hold it now that his guns have cleared a way. Germany may storm, and France and Russia and all the rest of them can fret to their heart's content, but the opportunity for that aggressive foreign policy we have heard so much about is now presented, and if we are wise we will not yield an inch. There are those of our own people who will decry this policy and attempt to show that America has enough to do looking after her own, but they forget that this constantly growing nation must soon find outside markets for its products, and those markets, as already discovered by Europe, are in the new world of the east.

IT'S DAMP IN CAMP

But Liverpool's Soldiers Are Getting Along Well.

PRIVATE M'KINNON RELEASED

From the Hospital, and Is Now as Well as Anyone—Some Information For the People Who Go to Columbus Tomorrow. Must Feed Themselves.

CAMP BUSHNELL, May 6.—[Special]—These are dreary days for the soldier boys at Camp Bushnell, for they have never before experienced such miserable weather. Even when the Guard was taken to Cleveland and compelled to camp in a lake of mud there were occasional breaks in the heavy lead-colored pall which overhung the tents, but here we have had rain, rain, nothing but rain. Shower has followed drizzle, and drizzle has followed shower, until Camp Bushnell is little better than a rain-soaked pasture field dotted with tents and closely guarded by long lines of dripping blue-clad sentries. It may be better after awhile. We hope so, for even a soldier must have sunshine to cheer him on his way.

In spite of it all there is cheer in the camp of Company E. The boys gather together in their tents, and there the story and song go round while the fragrance of what happens to be left of Frank Sebring's cigars creep out through the flies and make members of other companies wish they too had patriotic friends at home who do not forget the soldiers. These days are pleasant in spite of the rain for they create a fraternity which will require years to break down. The boys all seem to know it, and to appreciate it too, for they are good friends, loyal to their country and their officers, and last but not least intensely loyal to East Liverpool.

Sergeant Hanley is just now a soldier of some importance. While at home he always kept his clothes in the best of order, and his face presented a splendid appearance. Recently, however, a patch of rusty whiskers have appeared on his face, and, braving the wrath of all the boys, has had them cut a la Weyler. It is currently rumored that this is done in the hope he will escape injury from the Spanish should we go into battle, but he brands it as the work of unscrupulous enemies who desire to work him incalculable injury.

Corporal Hackworth, he who never lacks for a joke, has issued a stern decree that no white collars are to be worn in camp on week days. Hackey has had no little trouble in assembling his squad in quick order through the desire of some to don their collars and smooth their hair before falling into line for duty.

Orville McKinnon, our measles patient has been released from the hospital tent, and is as good as new. His blankets and clothes were carefully fumigated and he can once more associate with good men. All the boys are hale and hearty, and show no signs of pneumonia in spite of the rain.

A basket of delicacies were received by Smith and Heddleson from friends at home today, and immediately there was great rejoicing in camp for the boys will then be able to give the company a better appearance.

By the way, if any Liverpool people have a desire to send their friends among the soldiers something nice, they can express them to Camp Bushnell. The ambulance corps will deliver all packages when properly addressed with regiment and company. A contribution of \$1 from each company makes the service possible.

We now have a Western Union telegraph office in camp, and messages can be sent to any soldier at regular rates.

We are all expecting a big crowd from Liverpool on Sunday, but we would advise all visitors to obtain dinner before coming to camp or to obtain a meal at the sutler's tent, where they can be well fed for a small outlay. The state has issued an order forbidding the feeding of civilians.

TRUMP.

THIRTY MEN

Wanted to Enlist When Sergeant Hanley Came to Town.

Sergeant Frank Hanley, of Company E, arrived today from Camp Bushnell for the purpose of securing six recruits who are needed to bring the company to its full quota.

When the news became known that six recruits were needed the sergeant was besieged by at least 30 men who wanted to enlist. The names of all were taken, and those who care to go to Columbus at their own expense will be

given the physical examination and the best men selected. If none can be secured who are willing to pay their own way to Columbus, the company will have to recruit from Columbus men as transportation is not allowed them.

Lieutenant Hall yesterday received his uniform, and was junior officer of the guard.

The boys at the camp are expressing hearty thanks to Mrs. E. M. Knowles, Miss Nina Lee and the Misses Durlinger for a large hamper laden with all the delicacies of the season.

CHURCH CHIMES.

Free Methodist church, S. O. Yelvington, pastor—Sunday school, 9:30 a. m.; preaching 10:45 a. m. and 7:30 p. m.

Second Presbyterian, East End—Preaching by Rev. J. L. Grim, of Leipsic, Ohio: Morning, 11 o'clock; evening, 8 o'clock. Sabbath school, 10 a. m.; Endeavor, 7 p. m., led by Noah Orr: subject, "What has my denomination accomplished." Everybody welcome.

First Presbyterian church—Preaching by the pastor, Rev. John Lloyd Lee, 11 a. m., communion and reception of members; 7:30 p. m., song service, sermon, "Great God Our King." What God has to do with men and nations. The first commandment at the present time. Sunday school 9:30 a. m. Christian Endeavor 6:15 p. m. All are invited.

Methodist Protestant church, Rev. C. F. Swift, pastor—Communion and reception of members at 10:45 a. m.; preaching in the evening at 7:45, subject, "He Could Not Save Himself." Sunday school 9:30 a. m.; Junior meeting 3:30 p. m.; Endeavor meeting, 6:30 p. m.

Christian church, Rev. O. S. Reed, pastor—Preaching at 10:45 a. m., and 8 p. m.; subject of morning sermon, "Guidance of the Spirit;" evening "Millennial Dawn."

First U. P. church, Rev. J. C. Taggart, pastor—At 11 a. m., "Hopefulness and Helpfulness;" Rev. J. P. Stephenson will preach in the evening. Sabbath school, 9:45 a. m.; young people's meeting, 6:15 p. m.

Chester chapel—Rev. J. P. Stephenson will conduct services.

Second M. E. church, Rev. S. B. Salmon, pastor—Sacramental service at 11 a. m., H. S. Jackson, D. D. will preach; 3 p. m., love feast; 7 p. m., preaching by the pastor to the Epworth League. Quarterly conference will be held this evening at 8 o'clock.

St. Stephen's Episcopal church, Rev. Edwin Weary, rector—Holy communion 7:30 a. m.; Sunday school and Bible class 9:30 a. m.; literary sermon and holy communion 10:45 a. m.; choral evensong and sermon 7:30 p. m.; Tuesday, 7:30 p. m., Brotherhood of St. Andrew; Thursday, 7:30 p. m., St. Agnes' guild; Friday, 7:30 p. m., evensong and sermon.

Young Men's Christian association—Reverend Green, pastor of the Second U. P. church, will address the 4 o'clock meeting upon the subject of "Christian and Military Life."

Second U. P. Church, Rev. J. R. Green, pastor—Rev. J. T. Stevenson will conduct the services at 11 a. m., and 7:30 p. m., subject, "A Great King's Great Glory."

Salvation Army, Ensign Young in charge—Meeting tonight at 8 o'clock. Sunday as follows: 9:30 Junior meeting; 11 Holiness meeting; 3 p. m., free and easy; 8 p. m., Salvation meeting.

Full opera house orchestra at the dance.

Jumped a Board BILL.

The Wellsville authorities yesterday afternoon telephoned to this place, asking that a search be made for a young man whom they thought was attempting to jump a board bill amounting to \$16.

An officer was detailed on the case, and in going along Second street saw the gentleman and told him he would save a lot of trouble by making arrangements to pay the bill immediately. He had just received his pay from the pay car, and the bill was immediately paid.

Fun, patriotism and all new music at Brunt's hall Monday.

They Want a Game.

The local ball team has received letters from the Fredonia, Pa., team wanting a game. The Soffel team of Pittsburg, want to play here on Decoration day or the Fourth of July.

The team did not go to Rochester today, but will play there Saturday week.

How About Your Parlor?

If you are figuring on a

New Parlor Suit

This spring we have something that will interest you.

We will sell you a five piece suit, a three piece suit or any one piece you may want.

If you haven't bought your New Carpet yet we will please you in whatever kind you may wish.

FRANK CROOK,

Fifth and Market Streets.

ON THE BENCH.

That Is Where Carey Will Likely Remain.

The Louisville correspondent to Sporting Life, under the head of "Team Changes," makes the following comment of Carey:

"During the week Carey was laid off and Wagner transferred to first base Carey had not been feeling well and his batting was weak. Wagner is playing a phenomenal game at first, and Smith, who has taken his place at second, is also doing first-class work and hitting somewhat stronger than Carey. Consequently the change is likely to be permanent, and the future of Carey uncertain."

The many friends of Carey in this city will be sorry to hear that his chances are not good for staying with the team, as Wagner is playing a strong game at present.

FRUIT IS ALL RIGHT.

Never Were the Chances Better For a Good Crop.

The fruit, which has been reported to have been killed by the early frosts, has by later reports been shown to be not killed, but that there never has been brighter prospects for a large crop. Many varieties are now out of danger, and it will take a hard freeze to damage the fruit at all.

Senator Lindsay's Luxuries.

"If I had plenty of money to do with as I wished," said Senator Lindsay of Kentucky to a party of friends, "I'd have music played at all of my meals and get cigars made at \$50 a hundred. Those are two luxuries I would most surely indulge myself in. I'd have the music played by a small orchestra, say a horn and two or three violins and a flute and a bass viol, and I'd have it play soft, harmonious airs while I ate, and now and then I'd have some vocal music given by colored voices. There's a peculiar harmony in a negro's singing tone. I'd have 'em sing such things as 'When the Watermelon Hangs Upon the Vine.' That's a song calculated to inspire the most sluggish appetite. I remember hearing it once on a Mississippi river boat. A lot of us were aboard, and in the party was Hooker of Mississippi. There were some darkies aboard who played instrumental music with banjos, guitars and a fiddle. I asked 'em if they ever sung, and they said they did sometimes. Well, they struck up 'When the Watermelon Hangs Upon the Vine.' Hooker had never heard it before, and it nearly set him crazy."—Washington Star.

African Lion and Buffalo Bull.

The large horns of these buffalo are significant of their immense strength; their legs are very short and powerful. Though the lions make prey of them, it takes two or three to pull down a bull. The African lion of this section is the largest species of its kind, but unless in packs will not attack an African buffalo bull. When fighting, the bulls are very quick on their feet, and they use not only their horns, but their front feet also, which often prove the more dangerous weapon. Hambert in Harper's Magazine For April.

DEWEY A WINNER

He Silenced the Batteries on Shore

AND THEN CUT THE CABLE

He Later Took the Fortifications and Landed at Cavite, Where He Found a Lot of Wounded Prisoners—He Can Take Manila Whenever He Desires, and Does Not Need Help—The American Loss was Very Light, Not One Man Being Killed.

WASHINGTON, May 7.—[Special]—There is joy and gladness in Washington today. Manila is in truth taken, and Admiral Dewey is the hero of the hour. The days of suspense are over. After waiting since the cable was cut last Sunday the joyful tidings have come flashing under the sea that the intrepid American sailor has done his duty. The victory is complete. Old Glory waves on high, and the orange and crimson of Spain are humbled in the dust. The first victory has been a signal victory.

Early this morning the first information arrived. It was a cablegram from Hong Kong, and said that the United States revenue cutter McCulloch had just arrived from Manila with important news. The Spanish fleet, it said, was utterly destroyed, and 300 Spaniards killed, while 400 had been wounded. Admiral Dewey did not lose a man, and only six of his men had been injured, while the American ships escaped with no damage.

That was good news, but no one believed it. It was not confirmed until 9 o'clock, and then Washington knew Admiral Dewey had not failed. Instead he had done better than was expected.

The cablegram which came from Admiral Dewey said that he had completely silenced the batteries, and had himself ordered the cable cut, although he did not give any reason for the action. Then he had the bay and everything else at his mercy, and would long ago have occupied Manila, but he could not spare the men from the squadron. Not one of his men had been killed in the engagement, although the fire had been hot, and only a few had been injured. The ships had escaped serious damage.

A second cablegram was received from Admiral Dewey this morning. He announces that the fortifications have been taken, and a force of men has been landed at Cavite where he has 256 wounded Spaniards as prisoners, they having been abandoned to their fate by their friends. Admiral Dewey also says he can take Manila at any time, as the city is now virtually in his possession. He says he does not need anything at present.

RIOTING IN MADRID.

Many Conflicts Reported From the Provinces.

MADRID, May 6.—2:50 P. M.—[Special]—Madrid is a hotbed of excitement today. Thousands of people fill the streets, and serious rioting is imminent. Only the presence of large forces of cavalry and infantry prevents an outbreak. As yet no one has been killed, but a number of citizens and soldiers have been injured.

Renewed rioting is reported from various provinces this morning, and there have been many conflicts between the people and military. It is noticed that people of the better class are mingling with the mobs, and some women have been killed. The situation is serious, and should an outbreak occur in Madrid the ministry will certainly fall.

STILL CLIMBING.

Wheat Continues to Mount Into the Heights.

CHICAGO, May 7.—[Special.]—There was a great excitement in the wheat pit this morning when May wheat opened at \$1.55, and advanced to \$1.65 and then to \$1.70 closing at \$1.69. The July option opened at \$1.02½ and advanced to \$1.06¾. The September option opened at \$1.44 and advanced to \$1.46.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

Imports of gold from England and Continental Europe since Jan. 1 are \$73,206,350, indicating the great financial strength of this country.

ANOTHER PRIZE.

Was Taken by the Montgomery This Morning.

KEY WEST, May 7.—[Special]—Another Spanish prize became the property of the United States this morning when the Montgomery succeeded in capturing the brig Frisquite. The prize is a valuable one.

AN ENUMERATOR

Was Elected by the Board of Education In Short Order.

The board of education met in the directors' room in the Central building last night and held a short session.

The meeting was called for the purpose of appointing an enumerator for the purpose of taking the census for the coming year. After the reading of the minutes of the last meeting the name of George Grosshans was presented and he was appointed to the position without debate. This was the only business done, and the board was not in session more than 10 minutes.

All members were present except Mr. Fisher.

RAILROAD DETECTIVES

Will Watch the Columbus Excursionists Tomorrow.

No less than 20 people were at the station this morning for the purpose of purchasing tickets for the excursion tomorrow. None were sold, but they can be purchased this evening at 7:30 o'clock.

The company are determined to have order on the train tomorrow, and as a result have ordered their entire detective force to report for duty at Wells-ville at 5 o'clock in the morning, and make the trip to Columbus and return on the same train. Any person seen in an intoxicated condition or acting disorderly will be taken from the train and placed in jail at whatever town the train may happen to be.

NO ARRESTS

Were Made by the Police Last Night, but They Got One Today.

No arrests were made during last night and as a result there was no hearings this morning. At 12 o'clock Officer Woods arrested a man named John Sharp in Washington street. He was drunk, and was sleeping on the sidewalk near the Midway. The patrol was called and he was taken to jail. He will be given a hearing this evening.

John Griffin is still in custody, but the outlook for a speedy release is bright.

LOWERING MAINS.

Work That Must Soon Be Done by the Water Department.

The water works trustees met last evening and ordered a few bills paid.

Superintendent Morley reported that the mains in the East End extension of Pennsylvania avenue and in Lisbon street will have to be lowered, and a committee from the board will view the locations and decide on the matter at a special meeting.

Tonight at Y. M. C. A. Cycle show, basket ball game, Manley's band.

Soldiers' Friend to Meet.

"The Soldiers' Friend" will meet this evening at 8:30 o'clock, at Grand Army hall, for the purpose of furthering the interests of the organization in the efforts to provide for the families of Company E who are in need of assistance. The parties who are soliciting funds are meeting with very great success.

Our made to order suits outrival all competition. Leave your measure at

ERLANGER'S.

HE MAY GO WEST

Doctor Huston Has a Plan In View.

CALIFORNIA MAN IS EXPECTED

To Take Charge of the First M. E. Church of This City—An Exchange of Pulpits Which Is Now Being Discussed by Preachers and Church Members.

It is probable the next minister to act as pastor of the First M. E. church will be Rev. Clark Crawford, of Pasadena, Cal. Doctor Huston will go to the church that Reverend Crawford leaves.

For some weeks the official board of church in this city have been in consultation with Doctor Huston regarding the matter and, as a result, there is not a dissenting voice in the church. All of them seem to think Reverend Crawford the right man. A like action has been taken by the church of Reverend Crawford, all being in favor of Doctor Huston. The matter is now in the hands of the bishops of the two conferences, and they will give their decision sometime in August.

The semi-annual meeting of the bishops of the Methodist Episcopal church will be held in Albion, Mich., next week. Those who are appointed at this session will have the power to determine whether the change will be made.

Rev. Clark Crawford is a native of Ohio. He spent some time as a minister in Belmont county, and while there received a call to California which he accepted. While in California he has received calls from the Grace M. E. church, one of the largest churches in Chicago, and also from the Methodist Episcopal church in Painfield, N. J. Both calls were rejected. The quarterly conference of the church in this city will meet in the lecture room this evening at 7:30 o'clock. The matter of a change of pastors is the only important business to be transacted.

On the River.

Heavy rains up the Allegheny and Monongahela rivers will cause a rise in the Ohio, and if the rain continues for a day or so a coalboat stage may be reached. If a river does come an enormous shipment will be made south. The marks at the wharf at noon today registered 6.4 feet and rising slowly.

The Bedford went down last night with the Will J. Cummins, which was the Cincinnati packet of yesterday. The Virginia and Lorena will be down tonight, the last named boat going to Zanesville.

The Sunday boats, Kanawha, Ben Hur and Hudson, will be up tomorrow. They are expected to arrive before noon, as they are making fast time.

Our \$3 derbys are guaranteed and warranted the equal of any sold anywhere at \$5. Save money and purchase your hat at

ERLANGER'S.

At Old Lady Dead.

Mrs. Jane Rauch died yesterday, at her home in St. Clair township, aged 75 years. Deceased was very well known and highly respected in the community where she resided. Three children are left to mourn her loss. Mrs. John Plankinton, James and Frank Rauch. The funeral will take place tomorrow morning at 11:30 from the Long's run church.

Come and celebrate with Nowling's orchestra Monday night.

Some Heavy Business.

There has been more business handled at the baggage room at the station this week than for several months past. Yesterday and today were the heaviest days of the week, and from the outlook the amount of business for May will be the heaviest of the year.

Tonight at Y. M. C. A. Cycle show, basket ball game, Manley's band.

Found a Coat.

An overcoat was found at Rochester last Thursday in the early train going to Pittsburg. It was returned to this place, and is now in the possession of Baggage-master George Smith at the station.

Mr. Floto's View.

Contractor Floto, of the memorial chapel, arrived in the city at noon today from Steubenville. He said all the outside work had been completed, and the inside would be finished by the last of the month.

EAST LIVERPOOL, O.

RESOLUTION.

Resolution Declaring It Necessary to Improve Apple Alley, from Robinson Street to Kossuth Street.

RESOLVED BY THE COUNCIL OF THE City of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring,) that it is deemed necessary and its intention is hereby declared, to improve Apple alley, from Robinson street to Kossuth street, by grading the same and paving with bricks set on edge. The bricks shall be the best quality of roadway paving bricks, and the said alley shall be paved its entire width. Whatever is necessary to make a complete job of work shall be done. The work shall be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision. The cost and expense of the said improvement shall be levied and assessed on the lots and lands abutting and bounding thereon in accordance with the laws and ordinances on the subject of assessments, and the City Clerk is hereby instructed to have this resolution published in a newspaper of general circulation within the city, and to have legal notice of the passage of this resolution served on all persons interested and make return as required by law.

Passed this 26th day of April, 1898.

R. J. MARSHALL,
President of Council.

Of Mahoning County. Is a Candidate for Congress for this District, Subject to the Decision of the Republican Congressional Convention.

DEWEY A WINNER

He Silenced the Batteries on Shore

AND THEN CUT THE CABLE

He Later Took the Fortifications and Landed at Cavite, Where He Found a Lot of Wounded Prisoners—He Can Take Manila Whenever He Desires, and Does Not Need Help—The American Loss was Very Light, Not One Man Being Killed.

WASHINGTON, May 7.—[Special]—There is joy and gladness in Washington today. Manila is in truth taken, and Admiral Dewey is the hero of the hour. The days of suspense are over. After waiting since the cable was cut last Sunday the joyful tidings have come flashing under the sea that the intrepid American sailor has done his duty. The victory is complete. Old Glory waves on high, and the orange and crimson of Spain are humbled in the dust. The first victory has been a signal victory.

Early this morning the first information arrived. It was a cablegram from Hong Kong, and said that the United States revenue cutter McCulloch had just arrived from Manila with important news. The Spanish fleet, it said, was utterly destroyed, and 300 Spaniards killed, while 400 had been wounded. Admiral Dewey did not lose a man, and only six of his men had been injured, while the American ships escaped with no damage.

That was good news, but no one believed it. It was not confirmed until 9 o'clock, and then Washington knew Admiral Dewey had not failed. Instead he had done better than was expected. The cablegram which came from Admiral Dewey said that he had completely silenced the batteries, and had himself ordered the cable cut, although he did not give any reason for the action. Then he had the bay and everything else at his mercy, and would long ago have occupied Manila, but he could not spare the men from the squadron. Not one of his men had been killed in the engagement, although the fire had been hot, and only a few had been injured. The ships had escaped serious damage.

A second cablegram was received from Admiral Dewey this morning. He announces that the fortifications have been taken, and a force of men has been landed at Cavite where he has 256 wounded Spaniards as prisoners, they having been abandoned to their fate by their friends. Admiral Dewey also says he can take Manila at any time, as the city is now virtually in his possession. He says he does not need anything at present.

RIOTING IN MADRID.

Many Conflicts Reported From the Provinces.

MADRID, May 6.—2:50 P. M.—[Special]—Madrid is a hotbed of excitement today. Thousands of people fill the streets, and serious rioting is imminent. Only the presence of large forces of cavalry and infantry prevents an outbreak. As yet no one has been killed, but a number of citizens and soldiers have been injured.

Renewed rioting is reported from various provinces this morning, and there have been many conflicts between the people and military. It is noticed that people of the better class are mingling with the mobs, and some women have been killed. The situation is serious, and should an outbreak occur in Madrid the ministry will certainly fall.

STILL CLIMBING.

Wheat Continues to Mount Into the Heights.

CHICAGO, May 7.—[Special.]—There was a great excitement in the wheat pit this morning when May wheat opened at \$1.55, and advanced to \$1.65 and then to \$1.70 closing at \$1.69. The July option opened at \$1.02½ and advanced to \$1.05½. The September option opened at \$1.43½ and advanced to \$1.46½.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

Imports of gold from England and Continental Europe since Jan. 1 are \$73,206,350, indicating the great financial strength of this country.

ANOTHER PRIZE.

Was Taken by the Montgomery This Morning.

KEY WEST, May 7.—[Special]—Another Spanish prize became the property of the United States this morning when the Montgomery succeeded in capturing the brig Frisquite. The prize is a valuable one.

AN ENUMERATOR

Was Elected by the Board of Education In Short Order.

The board of education met in the directors' room in the Central building last night and held a short session.

The meeting was called for the purpose of appointing an enumerator for the purpose of taking the census for the coming year. After the reading of the minutes of the last meeting the name of George Grosshans was presented and he was appointed to the position without debate. This was the only business done, and the board was not in session more than 10 minutes.

All members were present except Mr. Fisher.

RAILROAD DETECTIVES

Will Watch the Columbus Excursionists Tomorrow.

No less than 20 people were at the station this morning for the purpose of purchasing tickets for the excursion tomorrow. None were sold, but they can be purchased this evening at 7:30 o'clock.

The company are determined to have order on the train tomorrow, and as a result have ordered their entire detective force to report for duty at Wells-ville at 5 o'clock in the morning, and make the trip to Columbus and return on the same train. Any person seen in an intoxicated condition or acting disorderly will be taken from the train and placed in jail at whatever town the train may happen to be.

NO ARRESTS

Were Made by the Police Last Night, but They Got One Today.

No arrests were made during last night and as a result there was no hearings this morning. At 12 o'clock Officer Woods arrested a man named John Sharp in Washington street. He was drunk, and was sleeping on the sidewalk near the Midway. The patrol was called and he was taken to jail. He will be given a hearing this evening.

John Griffin is still in custody, but the outlook for a speedy release is bright.

LOWERING MAINS.

Work That Must Soon Be Done by the Water Department.

The water works trustees met last evening and ordered a few bills paid. Superintendent Morley reported that the mains in the East End extension of Pennsylvania avenue and in Lisbon street will have to be lowered, and a committee from the board will view the locations and decide on the matter at a special meeting.

Tonight at Y. M. C. A. Cycle show, basket ball game, Manley's band.

Soldiers' Friend to Meet.

"The Soldiers' Friend" will meet this evening at 8:30 o'clock, at Grand Army hall, for the purpose of furthering the interests of the organization in the efforts to provide for the families of Company E who are in need of assistance. The parties who are soliciting funds are meeting with very great success.

Our made to order suits outrival all competition. Leave your measure at ERLANGER'S.

HE MAY GO WEST

Doctor Huston Has a Plan In View.

CALIFORNIA MAN IS EXPECTED

To Take Charge of the First M. E. Church of This City—An Exchange of Pulpits Which Is Now Being Discussed by Preachers and Church Members.

It is probable the next minister to act as pastor of the First M. E. church will be Rev. Clark Crawford, of Pasadena, Cal. Doctor Huston will go to the church that Reverend Crawford leaves.

For some weeks the official board of church in this city have been in consultation with Doctor Huston regarding the matter and, as a result, there is not a dissenting voice in the church. All of them seem to think Reverend Crawford the right man. A like action has been taken by the church of Reverend Crawford, all being in favor of Doctor Huston. The matter is now in the hands of the bishops of the two conferences, and they will give their decision sometime in August.

The semi-annual meeting of the bishops of the Methodist Episcopal church will be held in Albion, Mich., next week. Those who are appointed at this session will have the power to determine whether the change will be made.

Rev. Clark Crawford is a native of Ohio. He spent some time as a minister in Belmont county, and while there received a call to California which he accepted. While in California he has received calls from the Grace M. E. church, one of the largest churches in Chicago, and also from the Methodist Episcopal church in Plainfield, N. J. Both calls were rejected.

The quarterly conference of the church in this city will meet in the lecture room this evening at 7:30 o'clock. The matter of a change of pastors is the only important business to be transacted.

On the River.

Heavy rains up the Allegheny and Monongahela rivers will cause a rise in the Ohio, and if the rain continues for a day or so a coalboat stage may be reached. If a river does come an enormous shipment will be made south. The marks at the wharf at noon today registered 6.4 feet and rising slowly.

The Bedford went down last night with the Will J. Cummins, which was the Cincinnati packet of yesterday. The Virginia and Lorena will be down tonight, the last named boat going to Zanesville.

The Sunday boats, Kanawha, Ben Hur and Hudson, will be up tomorrow. They are expected to arrive before noon, as they are making fast time.

Our \$3 derbys are guaranteed and warranted the equal of any sold anywhere at \$5. Save money and purchase your hat at

ERLANGER'S.

At Old Lady Dead.

Mrs. Jane Rauch died yesterday, at her home in St. Clair township, aged 75 years. Deceased was very well known and highly respected in the community where she resided. Three children are left to mourn her loss. Mrs. John Plankinton, James and Frank Rauch. The funeral will take place tomorrow morning at 11:30 from the Long's run church.

Come and celebrate with Nowling's orchestra Monday night.

Some Heavy Business.

There has been more business handled at the baggage room at the station this week than for several months past. Yesterday and today were the heaviest days of the week, and from the outlook the amount of business for May will be the heaviest of the year.

Tonight at Y. M. C. A. Cycle show, basket ball game, Manley's band.

Found a Coat.

An overcoat was found at Rochester last Thursday in the early train going to Pittsburg. It was returned to this place, and is now in the possession of Baggage-master George Smith at the station.

Mr. Floto's View.

Contractor Floto, of the memorial chapel, arrived in the city at noon today from Steubenville. He said all the outside work had been completed, and the inside would be finished by the last of the month.

COURT ADJOURNED

And Will Take Up a Contested Election Case on Convening.

LISBON, May 7.—[Special]—Jacob Schilling has sued Benjamin McBride, the plaintiff alleging that in 1894 he conveyed lot 10 in Salem to the defendant, but in reality it was meant to secure a loan for \$1,773. Since that time the grantee named in the deed has died, and his heirs are claiming the lot. The plaintiff wants the court to declare the deed a mortgage.

Eliza Cherry sues Daniel M. Dorman to foreclose a mortgage on a lot in Wells-ville. It was given to secure a note for \$275.

Court adjourned yesterday until Monday morning at 10 o'clock, when the case of Greenmyer against Greenmyer, which involves the mayoralty of Leetonia, will be heard.

A marriage license was issued to Charles Connors and Nora Nicholson.

RESOLUTION.

Resolution Declaring It Necessary to Improve Apple Alley, from Robinson Street to Kossuth Street.

RESOLVED BY THE COUNCIL OF THE City of East Liverpool, Ohio, (two-thirds of all the members elected thereto concurring,) that it is deemed necessary and its intention is hereby declared, to improve Apple alley, from Robinson street to Kossuth street, by grading the same and paving with bricks set on edge. The bricks shall be the best quality of roadway paving bricks, and the said alley shall be paved its entire width. Whatever is necessary to make a complete job of work shall be done. The work shall be done in accordance with plans and specifications on file in the office of the City Engineer and under his supervision. The cost and expense of the said improvement shall be levied and assessed on the lots and lands abutting and bounding thereon in accordance with the laws and ordinances on the subject of assessments, and the City Clerk is hereby instructed to have this resolution published in a newspaper of general circulation within the city, and to have legal notice of the passage of this resolution served on all persons interested and make return as required by law.

Passed this 26th day of April, 1898.

DEFEAT COSTS MONEY

And the Victors Also Put Up
a Few Dollars

AT THE MUNICIPAL ELECTION

Some Interesting Points Brought Out
by the Reports Filed With Clerk Hanley—The Central Committee Put a Few Dollars Into the Contest.

The candidates who won and the candidates who lost at the recent municipal election have filed their reports with Clerk Hanley. Some of them spent no money, but the majority put a few dollars into the contest. The report is as follows:

W.S. Firestone, \$3; J. B. Ritchey, \$1; Daniel McLane, \$32.25; A. V. Gilbert, \$95.20; M. J. McGarry, \$96.10; J. N. Rose, \$55.20; A. L. Seckerson, \$2; T. C. Forster, \$20.50; James A. Miller, \$17; S. T. Herbert, \$15; Chas. F. Bough, \$74.10. Of this amount \$50 was given to the Prohibition campaign fund. J. E. Anderson, \$4.75; E. A. Stevenson, \$52; E. N. Croxall, \$3. The expenses of the Central committee are filed as being \$239.58.

WON A BANNER.

Local Reading Circle Stands High In the County.

Prof. R. E. Rayman has received from Superintendent Moore, of Leetonia, secretary of the Columbiana county branch of the Ohio Teachers' Reading circle, a banner in token of the excellent work done by the Liverpool branch.

The reading circle was organized in 1883, and has been a source of great power to the many Ohio teachers who have kept up the work. At the end of the year each person who completes the work and pays the required small fee is given a certificate and at the end of four years they receive a diploma. It is given by the State Teachers' association, and is an evidence of professional spirit. Professor Rayman hopes that next year's work may be even more helpful than the present one.

The local members are:

Prof. R. E. Rayman, Miss Florence Updegraff, G. N. Armstrong, Cora Henry, H. E. Hall, Angie Moore, Anna Austin, Mary Smith, Agnes McHenry, Mary Buchanan, Maggie Roach, Mrs. Hayes, Isabelle McClain, Laura Conkle, Sarah Hall, Clara Williams, Clara Beal, Lina Joseph, Anna Gardner, Maud Baum, Flora Hale, Agnes Kleinogle, Ella Huston, Effie Kuowles, Martha Caliebe, Lena Howard, Eliza Griggs, Anna Thompson, Edessa Phillips, Emma Croft, Stella Finley, Mattie Coleman, Grace Faulk, Carrie Gaver, Emma Fowler, Sue Esterly, Anna Martin, Lu Hanley, Grace Morgan, Mary Jackman, Nellie Simms, Miss Stevenson, Anna Dawson, Maude Webster, Clara Rose, Ella Shaw, Minnie Agner, Mrs. J. D. Clements, Miss Andrews.

Moody Cannot Come.

The trustees of Spring Grove campground yesterday afternoon received word from Evangelist Moody that it would be impossible for him to be here on the date desired, as he would have to attend conference at that time.

He thanked them for the offer and recommended a man to take charge of the music.

Not Much Business.

Only a reasonable amount of freight was handled at the freight depot yesterday, and as a result not much business was done. Only a small number of cars were sent from the outbound platform.

Receipts are about the same as usual, although a good amount is being handled.

NOTICE TO GAS CONSUMERS

The office hours of the Ohio Valley Gas company hereafter will be: Daily, 8:30 a. m. to 12 m., 1:30 p. m. to 5 p. m.; evenings of 9th and 10th of each month, 7 to 9.

THE OHIO VALLEY GAS CO.

Will Decide on a Time.

At the next meeting of the board of education the matter of a regular meeting night will be discussed.

The law provides that a meeting shall be held the first and third Monday nights in the month, but some members are of the opinion that Friday nights will be the evenings selected.

Heard Next Week.

John Shrader, who was in Pittsburg, said this morning the case in the Cleveland courts in which he is interested will be heard week after next. He seems to think he is on the right side and is confident that Judge Ricks will decide in his favor.

"IRONING MADE EASY"

This starch is prepared on scientific principles by men who have had years of practical experience in fancy laundering. It restores old linen and summer dresses to their natural whiteness and imparts a beautiful and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum or any other substance injurious to linen and can be used even for a baby powder.

For sale by all wholesale and retail grocers.

Summer Havens.

Illustrated information about America's popular summer resorts is being distributed by passenger and ticket agents of the Pennsylvania Lines. It includes descriptions of leading places of summer sojourn along the ocean, in the mountains of the east, and in the lake region and Northern Michigan, all of which are within easy reach over the Pennsylvania route. For a copy please apply to the nearest Pennsylvania Lines ticket agent, or address your requests to J. K. Dillon, district passenger agent, Pittsburg, Pa.

Our souvenir agents for Saturday and Monday will prove very interesting. They are money savers.

ERLANGER'S.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases.

Endorsed by the A. F. of L.

Good only during months named in lower left hand corner and when properly signed, and STAMPED with the number of the Local.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailors' Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and cracker Label:

DEFEAT COSTS MONEY

And the Victors Also Put Up
a Few Dollars

AT THE MUNICIPAL ELECTION

Some Interesting Points Brought Out
by the Reports Filed With Clerk Hanley—The Central Committee Put a Few
Dollars Into the Contest.

The candidates who won and the candidates who lost at the recent municipal election have filed their reports with Clerk Hanley. Some of them spent no money, but the majority put a few dollars into the contest. The report is as follows:

W. S. Firestone, \$3; J. B. Ritchey, \$1; Daniel McLane, \$32.25; A. V. Gilbert, \$95.20; M. J. McGarry, \$96.10; J. N. Rose, \$55.20; A. L. Seckerson, \$2; T. C. Forster, \$20.50; James A. Miller, \$17; S. T. Herbert, \$15; Chas. F. Bough, \$74.10. Of this amount \$50 was given to the Prohibition campaign fund. J. E. Anderson, \$4.75; E. A. Stevenson, \$52; E. N. Croxall, \$3. The expenses of the Central committee are filed as being \$239.58.

WON A BANNER.

Local Reading Circle Stands High in the County.

Prof. R. E. Rayman has received from Superintendent Moore, of Leetonia, secretary of the Columbiana county branch of the Ohio Teachers' Reading circle, a banner in token of the excellent work done by the Liverpool branch.

The reading circle was organized in 1883, and has been a source of great power to the many Ohio teachers who have kept up the work. At the end of the year each person who completes the work and pays the required small fee is given a certificate and at the end of four years they receive a diploma. It is given by the State Teachers' association, and is an evidence of professional spirit. Professor Rayman hopes that next year's work may be even more helpful than the present one.

The local members are:

Prof. R. E. Rayman, Miss Florence Updegraff, G. N. Armstrong, Cora Henry, H. E. Hall, Angie Moore, Anna Austin, Mary Smith, Agnes McHenry, Mary Buchanan, Maggie Roach, Mrs. Hayes, Isabelle McClain, Laura Conkle, Sarah Hall, Clara Williams, Clara Beal, Lina Joseph, Anna Gardner, Maud Baum, Flora Hale, Agnes Kleinogle, Ella Huston, Effie Knowles, Martha Caliebe, Lena Howard, Eliza Griggs, Anna Thompson, Edessa Phillips, Emma Croft, Stella Finley, Mattie Coleman, Grace Faulk, Carrie Gaver, Emma Fowler, Sue Esterly, Anna Martin, Lu Hanley, Grace Morgan, Mary Jackman, Nellie Simms, Miss Stevenson, Anna Dawson, Maude Webster, Clara Rose, Ella Shaw, Minnie Agner, Mrs. J. D. Clements, Miss Andrews.

Moody Cannot Come.

The trustees of Spring Grove campground yesterday afternoon received word from Evangelist Moody that it would be impossible for him to be here on the date desired, as he would have to attend conference at that time.

He thanked them for the offer and recommended a man to take charge of the music.

Not Much Business.

Only a reasonable amount of freight was handled at the freight depot yesterday, and as a result not much business was done. Only a small number of cars were sent from the outbound platform.

Receipts are about the same as usual, although a good amount is being handled.

NOTICE TO GAS CONSUMERS

The office hours of the Ohio Valley Gas company hereafter will be: Daily, 8:30 a. m. to 12 m., 1:30 p. m. to 5 p. m.; evenings of 9th and 10th of each month, 7 to 9.

THE OHIO VALLEY GAS CO.

Will Decide on a Time.

At the next meeting of the board of education the matter of a regular meeting night will be discussed.

The law provides that a meeting shall be held the first and third Monday nights in the month, but some members are of the opinion that Friday nights will be the evenings selected.

Heard Next Week.

John Shrader, who was in Pittsburg, said this morning the case in the Cleveland courts in which he is interested will be heard week after next. He seems to think he is on the right side and is confident that Judge Ricks will decide in his favor.

"IRONING MADE EASY"

This starch is prepared on scientific principles by men who have had years of practical experience in fancy laundering. It restores old linen and summer dresses to their natural whiteness and imparts a beautiful and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum or any other substance injurious to linen and can be used even for a baby powder.

For sale by all wholesale and retail grocers.

REDUCED FARES

To Various Points via Pennsylvania Lines.

Excursion tickets will be sold via Pennsylvania Lines as indicated in the following paragraphs. Although concessions in fare are authorized for meetings of certain Orders, tickets may be obtained by any person whether a member of the order or interested in the event. The reduced rates will be open to everybody.

To New Orleans, La.—May 6th, 7th, and 8th, account meeting B. P. O. Elks. Return limit fifteen days.

Summer Havens.

Illustrated information about America's popular summer resorts is being distributed by passenger and ticket agents of the Pennsylvania Lines. It includes descriptions of leading places of summer resort along the ocean, in the mountains of the east, and in the lake region and Northern Michigan, all of which are within easy reach over the Pennsylvania route. For a copy please apply to the nearest Pennsylvania Lines ticket agent, or address your requests to J. K. Dillon, district passenger agent, Pittsburg, Pa.

Our souvenir specials for Saturday and Monday will prove very interesting. They are money savers.

ERLANGER S.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases. Endorsed by the A. F. of L.

ONE-THIRD ACTUAL SIZE. COLOR IS CHANGED EACH QUARTER. Good only during months named in lower left hand corner and when properly signed, and STAMPED with the number of the Local.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS. This label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BI-CYCLE LABEL. "Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS. This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL. The above label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS. This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and cracker label:

THE NEWS OF WELLSVILLE.

COMPLETE MAY PARTY

Society People Spent a Delightful Evening.

CITY HALL WAS A BOWER

Potted Plants and the National Colors Were Beautifully Arranged, and the Scores of Guests Present Could Not Better Have Enjoyed the Occasion.

Wellsville society reinforced by a number of people from out of the city spent last evening delightfully at city hall, the occasion being a May party. It was a success in every particular, the only feature that might have been more appreciated being the weather.

City hall was beautifully decorated for the occasion, potted plants and the American colors being tastefully displayed in all parts of the room. At 9 o'clock 48 couples had arrived, and the dancing began, but there were the usual number of tardy ones, and many more than that were present long before the evening's enjoyment ended. There were a great many beautiful dresses there and all the ladies presented a splendid appearance. Some of them were gems, and excited much favorable comment. Elwood Bunting furnished the banquet which was served at midnight. Nowling's orchestra provided the best music heard in many years in Wellsville, and from every standpoint the party was a complete success.

Among those present from out of the city were George E. McBane, of Pittsburg, and Harry Little, of Cleveland. Engineer Bootes, who had been called east for duty in the navy, he being connected with the United States signal corps, returned in time for the event.

Wellsville society has enjoyed many a May party, but never, perhaps, were so many people assembled who were determined to spend an evening enjoyably. Two hundred invitations had been issued, and a large proportion of the invited guests were present, among them being Mayor and Mrs. Dennis.

SOME CHANGES

Will Soon Be Made at the Methodist Episcopal Church.

The third quarterly conference of the M. E. church met last night with Dr. Jackson, of Steubenville, presiding, and a goodly number of the brethren were present.

The treasurer's report showed the finances in good condition, all departments being paid to date, and the disposition of the membership seemed to be to keep up this happy state of affairs. Plans were submitted for remodeling the present church edifice by architects from Pittsburg and Zanesville. The estimating committee desired to make some changes in the plans and was given more time.

A committee consisting of the pastor, Silvers, Wells, Kelly and Menough was appointed to select a number of persons to solicit funds for the improvement. An enlarged auditorium and Sunday school rooms, reading room, gymnasium, league parlors, pipe organ, new seating, art windows, and an entire new front to the building are among the things contemplated.

WANT TO ENLIST.

Wellsville May Have More Men in Company E.

When it was rumored in Wellsville today that an officer of Company E had come back to Liverpool for the purpose of securing recruits a number of young men set out to find him. They had been waiting the opportunity and wanted to enlist. Whether they succeeded could not be learned, but it is probable some of them will be accepted.

WORKING IN LIVERPOOL.

A Large Number of Wellsville People Now Employed.

The early morning cars to Liverpool are crowded every day, scores of people using them to reach Liverpool, where they are employed. For a time there was a great deal of complaint because the company did not provide a sufficient number of cars, but now the demand is met every day.

Purchased Property.

Walter Miles, foreman of the tin shop at the railroad shops, has purchased the Halstead property on Nevada street. He will take possession next week, and Mr. Hunter, who now occupies it, will remove to the one occupied by Mr. Miles.

WAITING A CALL.

Engineer Bootes Will Soon Be Lieutenant Bootes.

J. T. Bootes, the well-known engineer attached to the maintenance of way department of the Cleveland & Pittsburg, is home from Washington, but his stay here is only temporary.

Mr. Bootes is a graduate of the government naval academy at Annapolis, and when the war came on the gentleman was summoned to Washington, where he was examined for a place in the navy. He passed the examination, and was informed that he would likely be needed in the near future when he will be placed on the list for duty as a first lieutenant. There is no truth in the rumor that the gentleman failed to pass the physical examination.

Mr. Bootes is very popular in Wellsville, and his many friends are confident he will serve Uncle Sam with honor and distinction.

DIED SUDDENLY.

Mrs. Hanna Raub Passed Away While Visiting Her Daughter.

Mrs. Hanna Raub, mother of Mrs. Julius Goetz and Mrs. Rosenbaum, died suddenly at 3 o'clock this morning.

Mrs. Raub resided in Allegheny, but has been here two weeks visiting. Last night she retired at the home of Mrs. Rosenbaum and was in her usual health. At 1 o'clock she was stricken by paralysis, and Doctor Holland was hastily summoned. He did all in his power to save the lady, but she sank rapidly and in a short time was dead. The lady was highly esteemed by all who knew her.

Arrangements for the funeral have not yet been completed.

THE DOBBS CASE.

It Was Acted Upon by the Grand Jury, but Kept Quiet.

Much curiosity is expressed to know just what the grand jury did with the charge against Mrs. Dobbs, who was bound over to court a few weeks ago for shooting at Miss Geisse.

The case attracted a great deal of attention at that time, and many persons watched the report carefully in the hope of hearing something, but nothing has been sent out from Lisbon.

MADE SOME MONEY.

A Wellsville Man Was on the Right Side of Wheat.

It is said that the recent rise in wheat was a very good thing for at least one Wellsville man. He has been dabbling in that sort of thing for several months, with varying success, but when the rise came he was on the right side of the market. He had sufficient good sense to know a good thing, and is a number of hundred dollars richer as a result.

His Friends Were There.

The wedding that occurred at the Methodist Episcopal parsonage yesterday at noon was supposed to be strictly private, but when the couple arrived at their home they found it filled with friends who had an elegant dinner awaiting their coming of which all those present partook.

Family Troubles.

Mrs. James Moore, of Cleveland, who has been with her son, Martin Moore, of Main street, returned home today.

Mr. Moore has been suffering a severe attack of inflammatory rheumatism and his three-months-old babe had an attack of congestion of the lungs since last Sunday, but is now better.

Came For a Visit.

Miss Minnie McLean, of Irondale, and Miss Della Householder, of Cumberland, O., came yesterday to visit Mrs. Charles Klasgys, of Front street. They left for Toronto where they will visit friends before returning home.

Returned to Work.

Charles Henderson will return to his former occupation as painter at the railroad shops. His son Oliver has returned from Chicago and will take charge of the grocery.

Is Very Ill.

Mr. Quail, the aged father of Mrs. Henry Kampman, of East Liverpool street, is very ill at her home. His daughters, Mrs. Bell and Mrs. Falloon, of Salineville, have been in attendance upon him.

E. S. Kelley, of the "Arcade," is the only authorized agent of the NEWS REVIEW in Wellsville, with authority to collect monies due this paper, make contracts, etc.

HARRY PALMER, Owner and Manager.

WHAT THE CLASS DOES

When It Graduates the Last Night In May.

NOT MANY SET ORATIONS

Instead the Members Will Present "The Taming of the Shrew," and Will Be a Welcome Change From the Usual Order of Exercises—Who They Are.

The graduating class this year numbers 15 members, eight young ladies and seven young men. Their names are Stella Moore, Zuoella Barnes, Margaret Grant, Mamie Helpenstine, Carrie Stall, Emma Noble, Flo Noragon, Percie Conn, Harry Grafton, Clyde Ohliger, Oak Lowry, Will Fraser, Arthur Martin, Jacob Brenneman and Samuel Noss.

Instead of the usual essays and orations from all the members of the class, they have decided to give one of Shakespeare's plays, "The Taming of the Shrew." This will exhibit the histrionic talent of the class, and will indeed be a welcome change from the usual order of exercises. The music for the occasion will also be high school talent. A double quartet will furnish the music. This quartet is being carefully drilled by Miss Stewart.

Miss Stella Moore will also read an essay on "Who Will Turn the Grindstone?" and Miss Margaret Grant will take the class motto for her subject, "Out of the Harbor Into the Sea."

An oration by William Fraser will complete the numbers upon the program for the evening of May 31.

LAST SAD RITES

Performed Over the Remains of Charles Davidson.

The remains of Charles Davidson, who was killed at Bedford, have been brought to the city, and will be interred tomorrow, the services being held at the First United Presbyterian church at 1 o'clock.

The funeral will be in charge of the Brotherhood, and will doubtless be one of the largest ever held in Wellsville, since the deceased was very popular with a large circle of friends.

The Churches.

First Evangelical church—Preaching morning and evening by the pastor. Morning subject, "Bought With a Price;" evening, "The Great Invitation."

Methodist Protestant church, C. W. Stephenson, pastor—Services at 10:15 a. m., and 7 p. m. In the morning, "A blade better than the Damascus blade;" in the evening, "The mission of Christ, as bringing not peace, but division."

Church of the Ascension, A. C. Jones, pastor—Sunday school 9 a. m.; morning service 10:15 a. m.; evening service 7 p. m. Sermons by the pastor morning and evening. All are invited.

Christian church, Rev. H. N. Miller, pastor—Services will be conducted morning and evening by the pastor at the usual hours.

Methodist Episcopal church, Rev. J. S. Reager, pastor—Quarterly communion service will be held in the morning. Sunday school at 9 o'clock. Epworth League at 6 p. m. Reverend Jackson, presiding elder, will preach in the evening at 7 o'clock.

Church of Immaculate Conception, J. H. Halligan, pastor—Usual service will be held at the regular hours conducted by the pastor.

First Presbyterian church, Rev. H. W. Lowry pastor—At the regular hour for morning service a congregational prayer meeting will be held conducted by Elder R. A. Blair. No service in the evening.

United Presbyterian church, Rev. W. A. Littell pastor—In the pastor's absence the congregational prayer meeting will be held at the usual hour of morning service and no service will be held in the evening.

Attended a Meeting.

B. S. Boyce and T. J. Walton, of Salem, were in the city last night inspecting the Pilgrim commandery of this place. They returned home this morning.

Came Home.

J. Clyde Swan, who has been visiting his uncle, Rev. B. M. Swan, of Newcomerstown, for the past three months, returned home yesterday.

All the News.

Wilbur Thompson, of Commerce street, corner of Eleventh, has a year-old babe very ill for the past ten weeks.

Joseph McLaughlin, of Short street, who has been suffering from Bright's disease, is at present slightly better.

L. D. Miller is a Pittsburg visitor today.

THE NEWS OF WELLSVILLE.

COMPLETE MAY PARTY

Society People Spent a Delightful Evening.

CITY HALL WAS A BOWER

Potted Plants and the National Colors were Beautifully Arranged, and the Scores of Guests Present Could Not Better Have Enjoyed the Occasion.

Wellsville society reinforced by a number of people from out of the city spent last evening delightfully at city hall, the occasion being a May party. It was a success in every particular, the only feature that might have been more appreciated being the weather.

City hall was beautifully decorated for the occasion, potted plants and the American colors being tastefully displayed in all parts of the room. At 9 o'clock 48 couples had arrived, and the dancing began, but there were the usual number of tardy ones, and many more than that were present long before the evening's enjoyment ended. There were a great many beautiful dresses there and all the ladies presented a splendid appearance. Some of them were gems, and excited much favorable comment. Elwood Bunting furnished the banquet which was served at midnight. Nowling's orchestra provided the best music heard in many years in Wellsville, and from every standpoint the party was a complete success.

Among those present from out of the city were George E. McBane, of Pittsburg, and Harry Little, of Cleveland. Engineer Bootes, who had been called east for duty in the navy, he being connected with the United States signal corps, returned in time for the event.

Wellsville society has enjoyed many a May party, but never, perhaps, were so many people assembled who were determined to spend an evening enjoyably. Two hundred invitations had been issued, and a large proportion of the invited guests were present, among them being Mayor and Mrs. Dennis.

SOME CHANGES

Will Soon Be Made at the Methodist Episcopal Church.

The third quarterly conference of the M. E. church met last night with Dr. Jackson, of Steubenville, presiding, and a goodly number of the brethren were present.

The treasurer's report showed the finances in good condition, all departments being paid to date, and the disposition of the membership seemed to be to keep up this happy state of affairs. Plans were submitted for remodeling the present church edifice by architects from Pittsburg and Zanesville. The estimating committee desired to make some changes in the plans and was given more time.

A committee consisting of the pastor, Silvers, Wells, Kelly and Menough was appointed to select a number of persons to solicit funds for the improvement. An enlarged auditorium and Sunday school rooms, reading room, gymnasium, league parlors, pipe organ, new seating, art windows, and an entire new front to the building are among the things contemplated.

WANT TO ENLIST.

Wellsville May Have More Men in Company E.

When it was rumored in Wellsville today that an officer of Company E had come back to Liverpool for the purpose of securing recruits a number of young men set out to find him. They had been waiting the opportunity and wanted to enlist. Whether they succeeded could not be learned, but it is probable some of them will be accepted.

WORKING IN LIVERPOOL.

A Large Number of Wellsville People Now Employed.

The early morning cars to Liverpool are crowded every day, scores of people using them to reach Liverpool, where they are employed. For a time there was a great deal of complaint because the company did not provide a sufficient number of cars, but now the demand is met every day.

Purchased Property.

Walter Miles, foreman of the tin shop at the railroad shops, has purchased the Halstead property on Nevada street. He will take possession next week, and Mr. Hunter, who now occupies it, will remove to the one occupied by Mr. Miles.

WAITING A CALL.

Engineer Bootes Will Soon Be Lieutenant Bootes.

J. T. Bootes, the well-known engineer attached to the maintenance of way department of the Cleveland & Pittsburg, is home from Washington, but his stay here is only temporary.

Mr. Bootes is a graduate of the government naval academy at Annapolis, and when the war came on the gentleman was summoned to Washington, where he was examined for a place in the navy. He passed the examination, and was informed that he would likely be needed in the near future when he will be placed on the list for duty as a first lieutenant. There is no truth in the rumor that the gentleman failed to pass the physical examination.

Mr. Bootes is very popular in Wellsville, and his many friends are confident he will serve Uncle Sam with honor and distinction.

DIED SUDDENLY.

Mrs. Hanna Rauh Passed Away While Visiting Her Daughter.

Mrs. Hanna Rauh, mother of Mrs. Julius Goetz and Mrs. Rosenbaum, died suddenly at 3 o'clock this morning.

Mrs. Rauh resided in Allegheny, but has been here two weeks visiting. Last night she retired at the home of Mrs. Rosenbaum and was in her usual health. At 1 o'clock she was stricken by paralysis, and Doctor Holland was hastily summoned. He did all in his power to save the lady, but she sank rapidly and in a short time was dead. The lady was highly esteemed by all who knew her.

Arrangements for the funeral have not yet been completed.

THE DOBBS CASE.

It Was Acted Upon by the Grand Jury, but Kept Quiet.

Much curiosity is expressed to know just what the grand jury did with the charge against Mrs. Dobbs, who was bound over to court a few weeks ago for shooting at Miss Geisse.

The case attracted a great deal of attention at that time, and many persons watched the report carefully in the hope of hearing something, but nothing has been sent out from Lisbon.

MADE SOME MONEY.

A Wellsville Man Was on the Right Side of Wheat.

It is said that the recent rise in wheat was a very good thing for at least one Wellsville man. He has been dabbling in that sort of thing for several months, with varying success, but when the rise came he was on the right side of the market. He had sufficient good sense to know a good thing, and is a number of hundred dollars richer as a result.

His Friends Were There.

The wedding that occurred at the Methodist Episcopal parsonage yesterday at noon was supposed to be strictly private, but when the couple arrived at their home they found it filled with friends who had an elegant dinner awaiting their coming of which all those present partook.

Family Troubles.

Mrs. James Moore, of Cleveland, who has been with her son, Martin Moore, of Main street, returned home today.

Mr. Moore has been suffering a severe attack of inflammatory rheumatism and his three-months-old babe had an attack of congestion of the lungs since last Sunday, but is now better.

Came For a Visit.

Miss Minnie McLean, of Irondale, and Miss Della Householder, of Cumberland, O., came yesterday to visit Mrs. Charles Klasgry, of Front street. They left for Toronto where they will visit friends before returning home.

Returned to Work.

Charles Henderson will return to his former occupation as painter at the railroad shops. His son Oliver has returned from Chicago and will take charge of the grocery.

Is Very Ill.

Mr. Quail, the aged father of Mrs. Henry Kampman, of East Liverpool street, is very ill at her home. His daughters, Mrs. Bell and Mrs. Falloon, of Salineville, have been in attendance upon him.

E. S. Kelley, of the "Arcade," is the only authorized agent of the NEWS REVIEW in Wellsville, with authority to collect monies due this paper, make contracts, etc.

HARRY PALMER, Owner and Manager.

WHAT THE CLASS DOES

When It Graduates the Last Night In May.

NOT MANY SET ORATIONS

Instead the Members Will Present "The Taming of the Shrew," and Will Be a Welcome Change From the Usual Order of Exercises—Who They Are.

The graduating class this year numbers 15 members, eight young ladies and seven young men. Their names are Stella Moore, Zuoella Barnes, Margaret Grant, Mamie Helpenstine, Carrie Stall, Emma Noble, Flo Noragon, Percie Conn, Harry Grafton, Clyde Ohliger, Oak Lowry, Will Fraser, Arthur Martin, Jacob Brenneman and Samuel Noss.

Instead of the usual essays and orations from all the members of the class, they have decided to give one of Shakespeare's plays, "The Taming of the Shrew." This will exhibit the histrionic talent of the class, and will indeed be a welcome change from the usual order of exercises. The music for the occasion will also be high school talent. A double quartet will furnish the music. This quartet is being carefully drilled by Miss Stewart.

Miss Stella Moore will also read an essay on "Who Will Turn the Grindstone?" and Miss Margaret Grant will take the class motto for her subject, "Out of the Harbor Into the Sea."

An oration by William Fraser will complete the numbers upon the program for the evening of May 31.

LAST SAD RITES

TO THE ADVERTISERS.
The Evening News Review has the largest bona fide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.
HARRY PALMER,
Owner and Manager.

TO BUSINESS MEN.
The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

Printed envelopes, either 6 or 8 1/2 in size, at the NEWS REVIEW, from 95 cents per thousand up, according to quality. We defy competition in workmanship or material.

LOCAL BREVITIES.

George C. Morton is spending the day fishing at Beaver creek.

Prosecutor Brookes, who has been spending some days in Lisbon, returned home last evening.

D. E. McNicol and son and John M. Young left this morning for a few weeks' stay in Cleveland.

A. H. Bulger and his son, Harold, left this morning for Akron, where they will stay several days with friends.

The Chevalier club will give a May party in their rooms in Sixth street next Thursday evening. Invitations have been issued.

Only one moving was handled at the freight depot yesterday. This one belonged to James Lester, and was moving to East Palestine.

A new jardiner shape is being made at the Murphy pottery. It is one of the neatest shapes ever made there. As yet it has not been named.

Charles Dix was out yesterday afternoon for the first time since he was injured by falling down the elevator shaft at the Foutts building.

A shipment of ware composed of 33 baskets was sent to Allegheny on the early train this morning. It was the first shipment sent up this week.

J. T. Baxter, for sometime employed as a brakeman in the Wellsville yards, resigned his position last night and left this morning for his home in Carrollton.

Clyde Allison, of this place, who has been spending several weeks as operator at the Hudson office of the telegraph company, returned to the city yesterday.

The engine attached to the early Pittsburg train made a peculiar noise as it was passing the station this morning. A very flat wheel on the tender was the cause.

H. C. Frey, of Rochester, who holds the patent on the continuous kiln for the United States, is in the city looking at the one that is being built at the Dresden pottery.

The stage hands of this place will attend the morning service at St. Stephen's church next Sunday. They will attend in a body. Reverend Weary will preach a special sermon.

The large American flag floating from the school house in Chester attracts much attention on this side of the river. When a stiff wind blows the flag presents a fine appearance.

The middle conference of the Pittsburg synod of the Evangelical Lutheran church will meet at McKees Rocks May 9-11. The Liverpool congregation will be represented by Reverend Reinartz.

The excavation for the foundation of the Citizens' National bank building in Washington street will be completed Tuesday of next week. The foundation will be commenced on Wednesday morning.

The people employed in the decorating department of the Dresden pottery gave a dance in the second floor of the new decorating shop last night. About 75 couples were present and Professor Rose's orchestra was in attendance.

J. F. Constans, of the freight department of the Frisco line, was in the city today in the interest of his line. He said that business from this town over the line he represented was very slow, but as soon as the war was over prospects pointed to some good increases.

Mayor Bough when asked this morning if he would present the name of a present police officer at the next meeting of council, as an appointment to be confirmed said: "I cannot answer that question, but will say if you wait until Tuesday night, the public will know all."

WAS RELEASED.

The French Liner Lafayette Instantly Set Free.

WAS ESCORTED TO HAVANA.

Permission Had Been Given Her to Enter Port by the State Department—Undelivered Orders Resulted in Her Capture—Believe This Will Close the Affair—Commodore Watson Has Raised His Flag on the Cincinnati—Blockade Still Being Maintained—Captain of a Small Schooner Becomes Frantic When His Craft Is Captured.

KEY WEST, May 7.—The fishing schooner Oriente was captured by the United States gunboat Vicksburg, Commander Lillie. Signal Officer Byrne was placed in charge of the prize crew. The captain of the Spaniard became frantic when he learned his vessel was captured. The reports from the blockade line are that the situation is unchanged. The smaller cruisers are still lined up, with the gunboat Annapolis acting as flagship.

Commodore Watson arrived on the Olivette and immediately went on board the cruiser Cincinnati, where he hoisted his flag.

The Lafayette of the French Transatlantic company's line, a vessel of 3,394 tons gross register, bound from Coruna, Spain, on April 23 for Havana, was captured off the latter port by the United States gunboat Annapolis, Commander J. J. Hunter, while trying to run the blockade after having previously been warned off. She has on board a large number of passengers and a valuable general cargo, possibly containing contraband of war. The Lafayette hails from St. Nazaire, France.

Her capture was effected in the following manner: The Lafayette was heading for Havana and was boarded by an officer of the Annapolis and warned not to enter the port. She afterward made an attempt to do so and was captured, after an exciting chase. The Wilmington, Newport and Morrill took part in the capture. After an examination of the Lafayette's papers had been made, a prize crew from the Annapolis was placed on board and she was sent to Key West, escorted by the Wilmington.

Commodore Watson has received orders from Washington instantly to release the French steamer Lafayette and to send her to Havana under escort.

The Lafayette was released in pursuance of orders which were issued by the navy department previous to her seizure, but which had not been received by the commanding officers of the vessels. The Wilmington escorted the Lafayette to Havana.

The capture of the Frenchman by the gunboat Annapolis turns out to have been an unfortunate incident, resulting from mistake; but no protest has been made to representatives of the French government in the United States.

The officials here declare that this will close the affair. It appears that before the Lafayette sailed for Havana the French legation in Washington was instructed to communicate with the state department.

This was done and permission granted to the steamer to enter and discharge her passengers and cargo with the understanding that she would take on nothing there.

Bitter Feeling Against United States.

LONDON, May 7.—A special dispatch from Paris says the seizure of the Lafayette intensified bitter feeling against United States. Angry expressions are heard. United States embassy under special police protection in view of a possible hostile demonstration.

SEVEN ARMY CORPS.

The War Department Issues an Order to That Effect.

WASHINGTON, May 7.—The following general order providing for the division of the regular and volunteer armies into seven army corps has been issued at the war department:

"By direction of the president seven army corps, comprising both the regular and the volunteer branches of the army, are hereby constituted. They will be numbered consecutively from one to seven. Their several headquarters and locations thereof, as well as the generals appointed to command them, will be announced in orders hereafter."

This announcement is expected to be followed promptly by the assignments of the major generals who will command.

Protest From United States.

LISBON, May 7.—The Portuguese government has received a formal protest from the government of the United States against the dispatch of 900 cases of ammunition and provisions from the port of Lisbon on April 23, two days after war between Spain and the United States had been declared, both the ammunition and provisions having been forwarded to the Spanish squadron which was then at anchor off St. Vincent, Cape Verde islands, apparently threatening an offensive movement against the United States.

Roosevelt Now Lieutenant Colonel.

WASHINGTON, May 7.—Assistant Secretary Roosevelt has been sworn in as lieutenant colonel of United States volunteers, to serve with the regiment of mounted riflemen to be made up mainly of plainsmen, rough riders, etc. The ceremony occurred in the office of Adjutant General Corbin, a number of leading army officers, senators and representatives being present.

HAS HELPED TRADE.

Can Says the Victory at Manila Has Increased Business—Big Advance in Wheat.

NEW YORK, May 7.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says: A state of war was so greatly dreaded by those who have seen nothing like it for more than 30 years that its coming has hurt less than its apprehension. Especially since the victory at Manila, which indicated the superiority of the American navy, gun for gun, expectations that the war will not last long have influenced all markets and stocks have advanced. The general condition of business has been materially improved. One day's work by the officers and men at Manila has given many days work to thousands of people at home of whom they knew nothing and has placed all American industries and interests on a stronger footing for any conceivable future.

The fact that gold is now used almost exclusively between the treasury and the clearinghouse indicates the entire freedom from apprehension about the currency or public credit.

The most sensational of all changes, and the most practically important, has been the rise in wheat, 25 1/2 cents for the week, throwing into the shade all past advances and all expectations. Western receipts, after averaging less than 2,500,000 bushels per week for four months, have suddenly risen to more than 3,500,000 bushels. Exports have not been checked by higher prices as yet, but have caused them, amounting for the week to 2,094,389 bushels, flour included, against 1,498,167 bushels from Atlantic ports last year. The remarkable rise was largely due to removal of duties by France and to the prohibition of exports by Russia, both showing the extraordinary needs abroad.

Industries have received a wonderful stimulus from the conviction that hostilities will not last long, and from heavy government orders. Besides great demand for steel plates and other iron products and ammunition the government has ordered 2,500,000 yards woolen cloths, 125,000 blankets, 3,000,000 yards cotton goods and great quantities of provisions and other supplies. It is not due to domestic conditions that orders from the Russian government for two big warships have been taken by the Cramps and orders for rails from Mexico. Plate mills are crowded, while car and rail works continue to receive large orders, and demands for agricultural implements and fencing go beyond the ability of works in some cases.

Wool has declined about 1/2 cent in April, taking the average of 100 quotations, and the better demand for goods has caused more inquiry, but thus far no improvement in prices.

Failures for the week have been 238 in the United States, against 221 last year, and 25 in Canada, against 36 last year.

British Anxious About Dewey.

LONDON, May 7.—If possessed of as many squadrons as rumor credits her with, Spain would be in a good way. Rumors talk of a squadron off California, another going to the relief of Manila and of a third going to Porto Rico. Anxiety over the absence of news from Commodore Dewey was clearly reflected in the lobbies of the house of commons, where the general subject of conversation was the uncertainty as to Manila.

Pope Wants Powers to Mediate.

NEW YORK, May 7.—A Rome special asserts that the pope has sent a telegram to the queen regent of Spain earnestly advising an immediate appeal to the European powers for mediation in the war with America. His holiness is said to have promised his support and that of the powers to obtain an honorable solution of the difficulty.

INCREASE THE SURGEONS.

Another War Measure Passes the Senate. Discussed Postoffice Appropriation.

WASHINGTON, May 7.—Another war measure has been passed by the senate. It was a bill to increase to 15 the number of surgeons in the United States army, and to authorize the secretary of war to employ as many contract surgeons as he might deem necessary. Consideration for a bill authorizing the postmaster general to establish post-offices in military posts and camps was sought, but under objection it went over until Monday.

Almost the entire session was consumed by a discussion of an amendment to the postoffice appropriation bill, offered by Mr. Pettigrew, providing for a reduction of 20 per cent in the compensation of railroads for the transportation of mails. The amendment was still pending when the senate adjourned.

An Order For Guns.

BETHLEHEM, Pa., May 7.—The government has placed an order with the Bethlehem Iron company for 35 5-inch rapid fire guns for the United States army. The guns are to be finished here and when shipped to their destination will be ready for immediate use. The company has besides received an order for a lot of small guns. The guns will be completed as quickly as possible.

Minneapolis at Newport News.

FORT MONROE, Va., May 7.—The Minneapolis has arrived and proceeded to Newport News.

Protest Against Blockade.

LONDON, May 7.—A special dispatch says a diplomatist at Madrid asserts Spain will protest to the powers against Americans failure to make Cuban blockade effective.

Blondel, the harper, did not discover the prison of King Richard. Richard paid his ransom, and the receipt for it is among the Austrian archives.

FATHER O'NEAL PATRIOTIC.

Nearly One Hundred Years Old, but Would Still Fight For Cuba.

One of the most interesting characters in the entire southwest is Father O'Neal, who lives a few miles in the country from Republic, Mo. He has been a resident of Greene county for over 50 years. His father was a soldier in the Revolutionary war, and he has many of his father's keepsakes, consisting of a sword, an old fashioned Revolutionary gun and one or two pistols with which his father fought for the liberty of the United States.

Father O'Neal is a hero of the war of 1847, and he also took part in the late civil war. When he heard of the probable war between Spain and the United States, he expressed a strong desire to at once offer his service to the nation for the purpose of liberating Cuba. He is fast approaching the one hundredth milestone, yet he is a remarkable man in memory and strength. The wife of his youth remained with him until last August. Mr. O'Neal drives to town once a week, and he considers himself nearly 100 years young.—St. Louis Globe-Democrat.

"THE ELECTRIC FLUID."

Wonderful Discovery That Is Said Not to Be Identical With Electricity.

A dispatch to the London News from Vienna says that Secepanik, the inventor of the farneher, and his financial partner, Kleinberg, have gone to Lemberg to negotiate for the purchase of an invention of an electrician named Rychnowski, who claims to have discovered "the electric fluid." He calls it electroid.

It is not identical with electricity. It is said that it produces light, causes Geissler tubes to show fluorescent rays, rotates objects in the air, produces whirlpools in water, kills bacteria and performs other wonders. The correspondent rather unkindly adds that the invention has not as yet been scientifically examined.—Special Cable to New York Sun.

The Cincinnati Humming Bird.

As a specific the "humming bird" used at the City hospital in Cincinnati in certain cases is invaluable. Its efficacy was again illustrated when patrol No. 2 brought in Mike Brophy from 1111 Fuller street—fuller than the thoroughfare upon which he lives. Mike was placed on the stretcher, and then the wingless and featherless bird was allowed to perch on his chest and abdomen just for the briefest portion of a second. The effect was instantaneous. Mike let out a warwhoop and came to his senses. The "humming bird" is a wire brush attached to an electric wire, and its peculiar powers can well be imagined.—Cincinnati Enquirer.

Missouri Belligerent Poultry.

The Missouri hen that laid an egg with the word "war" etched upon it has been outdone by a goose in the next county that has hatched out a gosling which bears a distinct facial resemblance to General Weyler.—Cleveland Leader.

Cold Comfort.

Alaska's oppositeness from war may make it attractive to those who prefer to fight nature and the elements.—Detroit Free Press.

EAST LIVERPOOL MONUMENT WORKS

ALL the News in the News Review.

TO THE ADVERTISERS.

The Evening News Review has the largest bonafide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.

HARRY PALMER,
Owner and Manager.

TO BUSINESS MEN.

The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

Printed envelopes, either 6 or 6½ in size, at the NEWS REVIEW, from 95 cents per thousand up, according to quality. We defy competition in workmanship or material.

LOCAL BREVITIES.

George C. Morton is spending the day fishing at Beaver creek.

Prosecutor Brookes, who has been spending some days in Lisbon, returned home last evening.

D. E. McNicol and son and John M. Young left this morning for a few weeks' stay in Cleveland.

A. H. Bulger and his son, Harold, left this morning for Akron, where they will stay several days with friends.

The Chevalier club will give a May party in their rooms in Sixth street next Thursday evening. Invitations have been issued.

Only one moving was handled at the freight depot yesterday. This one belonged to James Lester, and was moving to East Palestine.

A new jardiner shape is being made at the Murphy pottery. It is one of the neatest shapes ever made there. As yet it has not been named.

Charles Dix was out yesterday afternoon for the first time since he was injured by falling down the elevator shaft at the Foutts building.

A shipment of ware composed of 33 baskets was sent to Allegheny on the early train this morning. It was the first shipment sent up this week.

J. T. Baxter, for sometime employed as a brakeman in the Wellsville yards, resigned his position last night and left this morning for his home in Carrollton.

Clyde Allison, of this place, who has been spending several weeks as operator at the Hudson office of the telegraph company, returned to the city yesterday.

The engine attached to the early Pittsburg train made a peculiar noise as it was passing the station this morning. A very flat wheel on the tender was the cause.

H. C. Frey, of Rochester, who holds the patent on the continuous kiln for the United States, is in the city looking at the one that is being built at the Dresden pottery.

The stage hands of this place will attend the morning service at St. Stephen's church next Sunday. They will attend in a body. Reverend Weary will preach a special sermon.

The large American flag floating from the school house in Chester attracts much attention on this side of the river. When a stiff wind blows the flag presents a fine appearance.

The middle conference of the Pittsburg synod of the Evangelical Lutheran church will meet at McKees Rocks May 9-11. The Liverpool congregation will be represented by Reverend Reinartz.

The excavation for the foundation of the Citizens' National bank building in Washington street will be completed Tuesday of next week. The foundation will be commenced on Wednesday morning.

The people employed in the decorating department of the Dresden pottery gave a dance in the second floor of the new decorating shop last night. About 75 couples were present and Professor Rose's orchestra was in attendance.

J. F. Constans, of the freight department of the Frisco line, was in the city today in the interest of his line. He said that business from this town over the line he represented was very slow, but as soon as the war was over prospects pointed to some good increases.

Mayor Bough when asked this morning if he would present the name of a present police officer at the next meeting of council, as an appointment to be confirmed said: "I cannot answer that question, but will say if you wait until Tuesday night, the public will know all."

WAS RELEASED.

The French Liner Lafayette Instantly Set Free.

WAS ESCORTED TO HAVANA.

Permission Had Been Given Her to Enter Port by the State Department—Undelivered Orders Resulted in Her Capture—Believe This Will Close the Affair—Commodore Watson Has Raised His Flag on the Cincinnati—Blockade Still Being Maintained—Captain of a Small Schooner Becomes Frantic When His Craft Is Captured.

KEY WEST, May 7.—The fishing schooner Oriente was captured by the United States gunboat Vicksburg, Commander Lillie. Signal Officer Byrne was placed in charge of the prize crew. The captain of the Spaniard became frantic when he learned his vessel was captured. The reports from the blockade line are that the situation is unchanged. The smaller cruisers are still lined up, with the gunboat Annapolis acting as flagship.

Commodore Watson arrived on the Olivette and immediately went on board the cruiser Cincinnati, where he hoisted his flag.

The Lafayette of the French Transatlantic company's line, a vessel of 3,394 tons gross register, bound from Coruna, Spain, on April 23 for Havana, was captured off the latter port by the United States gunboat Annapolis, Commander J. J. Hunter, while trying to run the blockade after having previously been warned off. She has on board a large number of passengers and a valuable general cargo, possibly containing contraband of war. The Lafayette hails from St. Nazaire, France.

Her capture was effected in the following manner: The Lafayette was heading for Havana and was boarded by an officer of the Annapolis and warned not to enter the port. She afterward made an attempt to do so and was captured, after an exciting chase. The Wilmington, Newport and Morrill took part in the capture. After an examination of the Lafayette's papers had been made, a prize crew from the Annapolis was placed on board and she was sent to Key West, escorted by the Wilmington.

Commodore Watson has received orders from Washington instantly to release the French steamer Lafayette and to send her to Havana under escort.

The Lafayette was released in pursuance of orders which were issued by the navy department previous to her seizure, but which had not been received by the commanding officers of the vessels. The Wilmington escorted the Lafayette to Havana.

The capture of the Frenchman by the gunboat Annapolis turns out to have been an unfortunate incident, resulting from mistake; but no protest has been made to representatives of the French government in the United States.

The officials here declare that this will close the affair. It appears that before the Lafayette sailed for Havana the French legation in Washington was instructed to communicate with the state department.

This was done and permission granted to the steamer to enter and discharge her passengers and cargo with the understanding that she would take on nothing there.

Bitter Feeling Against United States.

LONDON, May 7.—A special dispatch from Paris says the seizure of the Lafayette intensified bitter feeling against United States. Angry expressions are heard. United States embassy under special police protection in view of a possible hostile demonstration.

SEVEN ARMY CORPS.

The War Department Issues an Order to That Effect.

WASHINGTON, May 7.—The following general order providing for the division of the regular and volunteer armies into seven army corps has been issued at the war department:

"By direction of the president seven army corps, comprising both the regular and the volunteer branches of the army, are hereby constituted. They will be numbered consecutively from one to seven. Their several headquarters and locations thereof, as well as the generals appointed to command them, will be announced in orders hereafter."

This announcement is expected to be followed promptly by the assignments of the major generals who will command.

Protest From United States.

LISBON, May 7.—The Portuguese government has received a formal protest from the government of the United States against the dispatch of 900 cases of ammunition and provisions from the port of Lisbon on April 23, two days after war between Spain and the United States had been declared, both the ammunition and provisions having been forwarded to the Spanish squadron which was then at anchor off St. Vincent, Cape Verde islands, apparently threatening an offensive movement against the United States.

Roosevelt Now Lieutenant Colonel.

WASHINGTON, May 7.—Assistant Secretary Roosevelt has been sworn in as lieutenant colonel of United States volunteers, to serve with the regiment of mounted riflemen to be made up mainly of plainsmen, rough riders, etc. The ceremony occurred in the office of Adjutant General Corbin, a number of leading army officers, senators and representatives being present.

HAS HELPED TRADE.

Man Says the Victory at Manila Has Increased Business—Big Advance in Wheat.

NEW YORK, May 7.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, says: A state of war was so greatly dreaded by those who have seen nothing like it for more than 30 years that its coming has hurt less than its apprehension. Especially since the victory at Manila, which indicated the superiority of the American navy, gun for gun, expectations that the war will not last long has influenced all markets and stocks have advanced. The general condition of business has been materially improved. One day's work by the officers and men at Manila has given many days work to thousands of people at home of whom they knew nothing and has placed all American industries and interests on a stronger footing for any conceivable future.

The fact that gold is now used almost exclusively between the treasury and the clearinghouse indicates the entire freedom from apprehension about the currency or public credit.

The most sensational of all changes, and the most practically important, has been the rise in wheat, 25½ cents for the week, throwing into the shade all past advances and all expectations. Western receipts, after averaging less than 2,500,000 bushels per week for four months, have suddenly risen to more than 3,500,000 bushels. Exports have not been checked by higher prices as yet, but have caused them, amounting for the week to 2,094,389 bushels, flour included, against 1,498,167 bushels from Atlantic ports last year. The remarkable rise was largely due to removal of duties by France and to the prohibition of exports by Russia, both showing the extraordinary needs abroad.

Industries have received a wonderful stimulus from the conviction that hostilities will not last long, and from heavy government orders. Besides great demand for steel plates and other iron products and ammunition the government has ordered 2,500,000 yards woolen cloths, 125,000 blankets, 3,000,000 yards cotton goods and great quantities of provisions and other supplies. It is not due to domestic conditions that orders from the Russian government for two big warships have been taken by the Cramps and orders for rails from Mexico. Plate mills are crowded, while car and rail works continue to receive large orders, and demands for agricultural implements and fencing go beyond the ability of works in some cases.

Wool has declined about ½ cent in April, taking the average of 100 quotations, and the better demand for goods has caused more inquiry, but thus far no improvement in prices.

Failures for the week have been 238 in the United States, against 221 last year, and 25 in Canada, against 36 last year.

British Anxious About Dewey.

LONDON, May 7.—If possessed of as many squadrons as rumor credits her with, Spain would be in a good way. Rumors talk of a squadron off California, another going to the relief of Manila and of a third going to Porto Rico. Anxiety over the absence of news from Commodore Dewey was clearly reflected in the lobbies of the house of commons, where the general subject of conversation was the uncertainty as to Manila.

Pope Wants Powers to Mediate.

NEW YORK, May 7.—A Rome special asserts that the pope has sent a telegram to the queen regent of Spain earnestly advising an immediate appeal to the European powers for mediation in the war with America. His holiness is said to have promised his support and that of the powers to obtain an honorable solution of the difficulty.

INCREASE THE SURGEONS.

Another War Measure Passes the Senate.

WASHINGTON, May 7.—Another war measure has been passed by the senate. It was a bill to increase to 15 the number of surgeons in the United States army, and to authorize the secretary of war to employ as many contract surgeons as he might deem necessary. Consideration for a bill authorizing the postmaster general to establish post-offices in military posts and camps was sought, but under objection it went over until Monday.

Almost the entire session was consumed by a discussion of an amendment to the postoffice appropriation bill, offered by Mr. Pettigrew, providing for a reduction of 20 per cent in the compensation of railroads for the transportation of mails. The amendment was still pending when the senate adjourned.

An Order For Guns.

BETHLEHEM, Pa., May 7.—The government has placed an order with the Bethlehem Iron company for 35 5-inch rapid fire guns for the United States army. The guns are to be finished here and when shipped to their destination will be ready for immediate use. The company has besides received an order for a lot of small guns. The guns will be completed as quickly as possible.

Minneapolis at Newport News.

FORT MONROE, Va., May 7.—The Minneapolis has arrived and proceeded to Newport News.

Protest Against Blockade.

LONDON, May 7.—A special dispatch says a diplomatist at Madrid asserts Spain will protest to the powers against Americans failure to make Cuban blockade effective.

Blondel, the harper, did not discover the prison of King Richard. Richard paid his ransom, and the receipt for it is among the Austrian archives.

FATHER O'NEAL PATRIOTIC.

Nearly One Hundred Years Old, but Would Still Fight For Cuba.

One of the most interesting characters in the entire southwest is Father O'Neal, who lives a few miles in the country from Republic, Mo. He has been a resident of Greene county for over 50 years. His father was a soldier in the Revolutionary war, and he has many of his father's keepsakes, consisting of a sword, an old fashioned Revolutionary gun and one or two pistols with which his father fought for the liberty of the United States.

Father O'Neal is a hero of the war of 1847, and he also took part in the late civil war. When he heard of the probable war between Spain and the United States, he expressed a strong desire to at once offer his service to the nation for the purpose of liberating Cuba. He is fast approaching the one hundredth milestone, yet he is a remarkable man in memory and strength. The wife of his youth remained with him until last August. Mr. O'Neal drives to town once a week, and he considers himself nearly 100 years young.—St. Louis Globe-Democrat.

"THE ELECTRIC FLUID."

Wonderful Discovery That Is Said Not to Be Identical With Electricity.

A dispatch to the London News from Vienna says that Sczeapanik, the inventor of the farnseher, and his financial partner, Kleinberg, have gone to Lemberg to negotiate for the purchase of an invention of an electrician named Rychnowski, who claims to have discovered "the electric fluid." He calls it electroid.

It is not identical with electricity. It is said that it produces light, causes Geissler tubes to show fluorescent rays, rotates objects in the air, produces whirlpools in water, kills bacteria and performs other wonders. The correspondent rather unkindly adds that the invention has not as yet been scientifically examined.—Special Cable to New York Sun.

The Cincinnati Humming Bird.

As a specific the "humming bird" used at the City hospital in Cincinnati in certain cases is invaluable. Its efficacy was again illustrated when patrol No. 2 brought in Mike Brophy from 1111 Fuller street—fuller than the thoroughfare upon which he lives. Mike was placed on the stretcher, and then the wingless and featherless bird was allowed to perch on his chest and abdomen just for the briefest portion of a second. The effect was instantaneous. Mike let out a warwhoop and came to his senses. The "humming bird" is a wire brush attached to an electric wire, and its peculiar powers can well be imagined.—Cincinnati Enquirer.

Missouri Belligerent Poultry.

The Missouri hen that laid an egg with the word "war" etched upon it has been outdone by a goose in the next county that has hatched out a gosling which bears a distinct facial resemblance to General Weyler.—Cleveland Leader.

Cold Comfort.

Alaska's oppositeness from war may make it attractive to those who prefer to fight nature and the elements.—Detroit Free Press.
